FOREWORD

Arrow '64 gleams in bold relief
against the red-gold glow of the setting sun
Its tale is told, its prophecy fulfilled
of the golden years known as teen-age
that come so soon, and pass so swiftly
we scarcely realize they have ended.
We will never forget the expectancy of them
How wondrous the lustre of each successive year
You are gone now and cannot return to us
but the memory of your time will never be lost
To us you were bright to anticipate
You were joy to live, you were

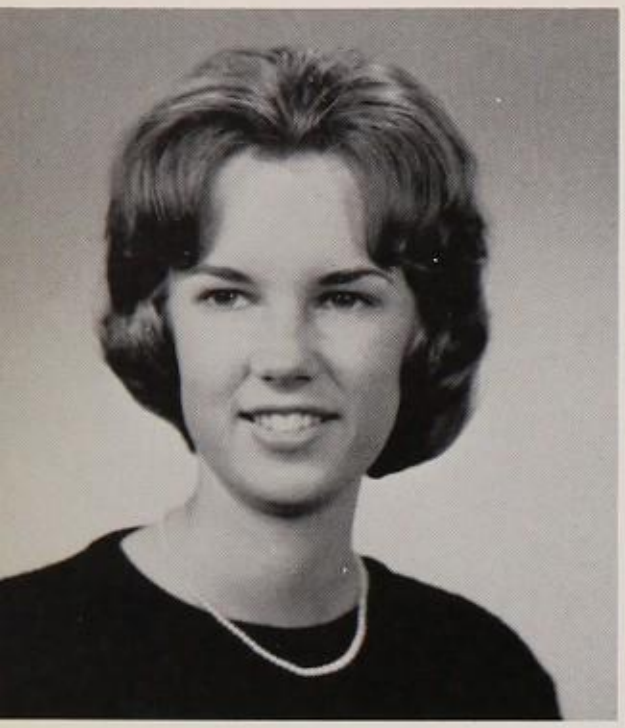
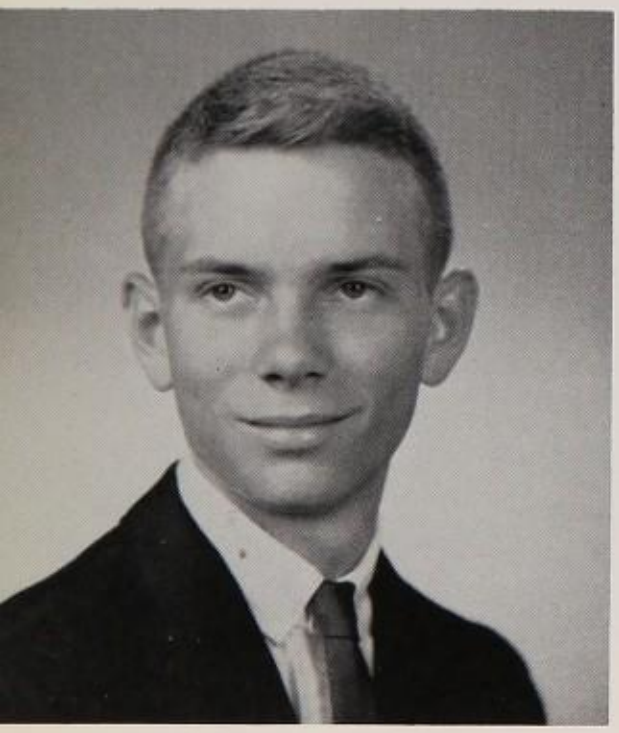
SENECA SALUTES



Have you ever been on the Student Council or its Executive Board? If so, you have probably worked with Linda Dills, at one time or another. Linda, your terrific enthusiasm and fabulous ideas have benefited this school greatly. Your warm personality and sincerity have impressed everyone who has ever met you. You have given unselfishly of your time and talents so that we, the student body, could benefit. You have always been willing to go "beyond the call of duty" to help Seneca High. For this we salute you.

Every Seneca student benefits from this man's unending efforts. He works a full day in his domain - the bandroom - and then puts in many extra hours at his home planning half-time shows for football games, choosing music, and preparing special arrangements for band and orchestra. Mr. Wich, we thank you for the school spirit you help to create at pep rallies and games. Your devotion does not stop there. Participation in all-county shows and orchestra performances further glorify Seneca. We are grateful for all these things, Mr. Wich, and dedicate the next chorus of "Seneca Forever" to you.



We approved the determination with which you guarded the Beta Club Treasury last year, and are proud to point to you as our President for 1963-64. Your contributions as a member of the golf team and annual staff along with your bubbling personality, abundance of intelligence, and fun-loving spirit will be recalled by your contemporaries. Yes, Gary, Seneca is deeply indebted to you for your good leadership and the assuming and executing of many tasks that required devotion and hard work yet received little notice because you handled them so smoothly.

This year Seneca would like to salute a true Redskin - Mrs. McQuillen. Thank you so much, Mrs. McQuillen, for devoting your time to Seneca's Student Council. We appreciate your attending workshops, conventions, executive board meetings, general meetings, and always being around when needed. We see you at all of Seneca's athletic events. You have contributed greatly to our school spirit. Your name will never be forgotten. Thanks for being a loyal Redskin.

Redskin's Hall of Fame . . .

• • • this is the realization of a dream shared by the ten sophomores who planned and worked together to produce Arrow '58, the first volume of Seneca High School's yearbook. Little did they envision that the time to establish a Hall of Fame would arrive so quickly - just six short years later - when our alma mater had reached the ripe old age of seven.

To those who love their school as this group did it does not seem fantastic to expect great accomplishments from future students. That first ten had faith in your prowess and evaluated your abilities correctly.

Congratulations to Sherrill Redmon, class of '61, who is the editor-in-chief of the University of Louisville's yearbook The Thorobred '64. Having known and worked with Sherrill, we predict that this Thorobred will top all its predecessors. Its heap big squaw is a true thoroughbred Redskin. Who could ask for more?

The golden night of March 16, 1963, belongs to Seneca High School exclusively. The heights were reached and conquered in the span of one short hour

during which Diane Sawyer class of '63, was crowned Miss Junior Miss of America at the Azalea Trail Festival in Mobile, Alabama. Since then this Redskin of whom we are all very proud has visited many parts of the U. S. A., including Hawaii, and has become known to thousands of people.

We hail the Seneca Redskins of our 1963 basketball team! In that same hour on March 16 they became the 1963 State Basketball Champions of Kentucky, winning this honor for Jefferson County and all the Redskins for the first time. We salute them, and their managers, and the roundball coaches.

Today, we foresee the possibility of many additions to this worthy group. Next year Redskins will begin graduating from colleges and universities throughout our great country, accompanied by the jangle of Phi Beta Kappa keys, Mortar Board Awards, and the plaudits given to those graduated with distinction or the highest honors. We hope to be able to add their achievements to many more accomplished by YOU, the Redskins on the home front.

We are preparing a spot for you in our

Hall of Fame

THE ARROW STAFF!

As you turn the pages of this, your 1964 ARROW, we hope you will see and remember the joys, the sorrows, the times of exultation, and even the romances of your high school days. We, of the ARROW staff, have tried to capture each and every moment to put in our version of the ARROW - for you to relive year after year. Our goal is that someday you will look back on your high school year 1964 and realize there really was gold "in them 'thar hills."

As the ARROW has tried to dig the gold out of these hills it has grown in size and scope. The Hall of Fame, added this year, is a constant reminder of the wealth that has already been discovered in the halls of Seneca.

Speaking for the Annual Staff I would like to express our gratitude to the many people who helped make this book a success. First appreciation must go to you - the students, the Redskins of Seneca, who have made our school what it is. Next, I would like to thank the administration and the faculty for their cooperation. I want to particularly thank Chuck McClendon for the break pages and Nancy Ryan for her fine work on the index. In the photographic line we owe much to Sam Hinerfeld, Kaufman's, the Fred Beck Studio, Lynn Smith and the "Courier-Journal" for their assistance throughout the year.

Seneca's most complete and colorful history is recorded in five consecutive volumes of the Arrow. Almost daily, they are used to pin point events, verify faces , or just reminisce. Congratulations are certainly in order to the various Arrow staffs and sponsor for their time, efforts, and talents in providing this excellent pictorial diary.

Each Arrow is a true indicator of the progress and growth of Seneca. Volume one contains one hundred two pages, while number five boasts a proud two hundred ninety-eight.

Likewise, the class of '64 is nearly twice the size of any previous senior group, and they have experienced an extremely crowded situation in their last high school year. In spite of this, they have excelled scholastically and athletically. They have carried the Red Skin Banner with enthusiasm, honor, and dignity. I wish for them continued success and happiness in their chosen areas of study or work.

Sincerely,

Kenneth B. Farmer

THE GOLDEN YEARS

The Golden Years? Why yes, these are the golden years. So many wonderful things have happened. So many glorious memories are ours to cherish forever. In the teen years come the most wonderful, carefree moments as well as some of the most heartbreaking ones. The years fly by so fast that it seems you were a teen-ager such a short, short time. The group classified as "teen-agers" is frequently condemned but more often praised and with due right. The majority of people see the ambition and desire of this group to go after and find the "gold in them 'thar' hills."

"Operation Amigo" was one of the biggest "strikes" made in this gold mine. Anyone who took part in this great undertaking understood the gratitude felt by the students from Quito, Ecuador. These 27 students who visited Louisville and Seneca for sixteen days observed and lived with true American democracy at work. This trip helped to erase the misunderstanding between the Americas and to encourage friendship between the younger generations. These very people might someday be the leaders of their country and there is no doubt in anyone's mind that they will ever forget their impressions and opinions of America. This project, although originating at Seneca, rapidly spread city and state wide. Mayor Cowger and Governor Breathitt, although of different political parties, worked together to encourage, promote, and help this idea become a reality.

The youth of today have taken an avid interest in politics. Many belong to the Young Democrats Club or the Young Republicans Club. They study the candidates and choose the one whose policies they like best. Occasionally parents and older people are surprised to see with what logical reasons they have chosen their candidate. A group of boys became so interested in the elections they worked at the polls and were news commentators on the election returns for N. B. C.

On Governor Breathitt's Inaguration Day a group of students went to Frankfort to witness this particular history-making event.

To train the youth and make them aware of the way the government is run is a must for the future leaders of our country.

On that shocking day of November 22, 1963, when President John Fitzgerald Kennedy was assassinated, it was readily seen that time had not decayed or weakened our Constitution. The party in power smoothly and efficiently installed Vice-President Lyndon B. Johnson as President of the United States and immediately the country was behind him. Throughout the three official days of mourning when all public operations were closed in deference to the passing of the President of our democracy, the government still functioned. In no other country could such a smooth transition over a difficult period of time have been effected more graciously while retaining its serious, contemplative, business-like aura.

Education has advanced much further than our grandparents ever dreamed possible. Each student is now ranked and placed in classes with others of the same ability. This ability may be regular, superior, or advanced. The advanced students have taken subjects and studied them in greater detail hitting every possible aspect in them. Yes, it has been hard. They have all put in many extra hours of study but all feel the great value to come from it. There have also been some sacrifices made on the part of students wanting an education with the coming need of double sessions. This has greatly affected the home life and its activities, as some of the students begin school at seven in the morning while others come home about eight in the evening.

Through this broadened education and study a fellow classmate, Mike Constant, was chosen over fifty other contestants to represent Kentucky at a two-day celebration at Kitty Hawk, North Carolina, honoring the first airplane flight.

The national interest of people in education is certainly growing as more and more large corporations are offering scholarships for college to well-deserving students. This is their way of offering assistance and showing their sincere interest in the development and support of the youth of our country.

The classical aspects of life have also attracted and included teen-agers. The Brown Theater, presenting live dramas, now has special matinees for high school students due to the great amount of interest shown in the plays.

The Louisville Fund is another organization to which the youth of the city owe the golden opportunity to work and help keep the Louisville Orchestra and the Civic ballet here in Louisville.

Remember the race between the Belle of Louisville and the Delta Queen from Cincinnati? That was certainly an exciting event for those on the shore as well as those on the boat, even though our boat did not win. This was an example of reliving another event from a bygone era.

The gold in the halls of Seneca is evident in so many different ways. This year the golden talent of many students was revealed in the production of the "Music Man" as the Senior Play. This play had a cast of over 100. The costumes and scenery were all made by the students. There was much hard work and many long hours of practice involved, all of which was evident on the opening night. It was such a success that various scenes were performed during the K. E. A. meetings for the visiting teachers.

The ability of Seneca Students in the Speech contests can be proved by the numerous trophies brought home in each division. The Debate Team won the East Jefferson County Tournament trophy. The 1963 State Basketball Champions had another glorious season as they defended their title. Many high school students competed in the Mason-Dixon Track games at the Fairgrounds.

The talents of youth are many, the ambitions high, and the fear of hard work absent. Who can forsee what gold will be found in the coming years as new "strikes" are made with each passing day? . . .

These are the golden years!

SENIORS

Dear Lonesome Tobcat,

Gosh, was I scared when I entered Seneca the first day. It's so-o-o much bigger and more impressive looking than Hawthorne, Shryock, Nikes, & Melbourne. However our guides got us straightened out in no time and we soon got into the swing of things by joining the band, chorus, and Conservation Club.

We'll never get to be Seniors, but for now we can just concentrate on being big eighth graders.

Dear Lonesome,

I know I don't feel any older; but when I see those little seventh graders running around, I can't help standing a little taller.

A sure sign of our growing importance came with the selection of Jayne Linder and Sandy Hess as J. V. Cheerleaders. To add spark to the basketball games, Jerry Abramson, Harry Roberts, formed the Pep Band to play at our home games.

In one more year we'll get to change classes every hour and will officially be in the Senior High.

Hi Lonesome,

At last we get to leave class when the bell rings instead of just sitting and listening to the older kids in the hall.

Our first honors as freshmen entailed the election of our class officers who were: George Wong, president; Rick Reed, veep; Mike Constant, treas.; sgt. at arms.

Then came the selection of cheerleaders among whom Pam Zeilman and Sandy Henn were freshmen.

We gained our first Varsity Athelete, Bill Beatty, on the track team. To add extra color to our band, the majorettes were formed with Sandy Lillard and Mary Lou Miller from our class. Beauty was evident when Pat Slover was chosen as a calendar girl on the Junior Classical League Calendar.

Surely this has been our most exciting year yet!

Dear Lonesome,

Our Sophomore year brought to us added prestige. Our leaders for this year included Bob Cobbin, president; George Wong, vice-president; Jayne Tudor, secretary; Howard Mocerf, treasurer; and Rick Rice and Bill Beatty sgt. at arms. Four Sophomores led cheers for the J.V. teams. They were Pat Nichols, Jayne Tudor, Martie Robards, and Pam Zeilman. The majorettes added Betty Maloney to their number.

Breaking into the ranks of Varsity basketballers, Westley Unseld walked away with all-District, all-County, and all-Region honors. Also in athletics Rick Reed, Larry Nuttall, Charlie Metzger, and Wayne Draggoo starred in football with Greg Spaid shining in baseball.

Our final year seems far in the future as the class of '64 marches on.

Hi Lonesome,

Our class moved one step closer to the Big Year and at the helm were Greg Spaid, pres; Susan Koettger, veep; Vinnie Neale, secretary; and Sandy Lillard sgt. at arms. Also his leadership elected treasurer

Howard Mocerf, treas; and Larry Nuttall, Mike Constant showed qualities in being of the Student Council. Jayne Ludor was chosen Basketball Queen and Sue Lidenour became a majorette. Juniors composed the majority of the cheerleaders; there were Pam Zellman, Susan Koettger, Martie Edwards, and Jayne Ludor on the squad.

With Susan Koettger as cover girl the calendar was graced by five other Juniors - Linda Dills, Dolveeta Young, Gayle Handmaker, Barbara Waldman, and Sylvia Beam. At the Nuit d'Amour Leah Rausch and Mike Constant were chosen princess and prince.

Our class shone in the schoolroom, also, with Nancy Tribble and Judy Thomas receiving National Science Foundation

Scholarships) and Leslie Weramson serving on the County Youth Speaks Board. And forget our State with Westley Unseld and that victory downtown Louisville !?!

who will ever champ B-ball team jumping center, parade throughs

That Golden Year looms nearer on the horizon and our class is ready for it!

Dear Lonesome Polecat,

Here we are at the height of our high school years - "the best years of our lives." Our first hour as Seniors came with the election of our officers: Greg Spaid, pres.; Howard Mocerf, veep; Judy Thomas, sec; Rick Rice, treas; Sandy Lillard, historian, and Bob Miller and Larry Nuttall, sgt. at arms. Our class became undisputed leaders of Seneca as Nikki Constant, pres.; Mary Lou Miller, sec; Bill Geoghegan, treas. became the Student Council officers. Judy Gallagher became Editor of the Arrow and John Hicks of the Sentinel. The National Honor Society inducted its members and eight Seniors were National Merit Finalists. Ronnie Fisher, Larry Morgen, and Jim Burgin received National Science Foundation Scholarships, while Nancy Tribble, Pat Duckworth, Jerome Berger, David Friedman, and Joel Rubenstein were Carnegie Scholars.

Pat Nichols and Gayle Handshaker were added to the cheerleaders, while Leah Rausch became captain of the Drill Corps. Dolveeta Young reigned as Homecoming queen. New-comers to the calendar were Nancy Tribble, Jayne Tudor, Gail Hirschbrunner, Karen Grimm, and Janet Bullis. Our big money-raising project, Music Mart, proved to be a tremendous success with Mary Lee Ferris and

Leslie Abramson in the leads.

The football team centered around big Bob Nester who was in the running for County scoring honors. The basketball team, with Westley Unseld the anchor man in contention for All-American, romped to another tremendous season.

The time fast approaches when we will leave these familiar walls for the last time as Seniors of Seneca High School. The past has been glorious, but only the future knows what's in store for us as we enter an exciting and challenging world. As our voices echo through the empty halls, we can only bid a loud good-bye, Lonesome . . .

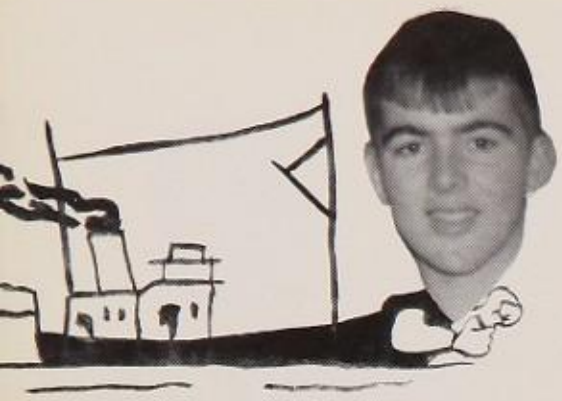
In the year '64 - Swami Bailen dusts off his crystal bal
The Prophecy to begin.
The musts of time start to clear away,
To reveal Seneca Students 20 years from today.
The scene in my crystal is an amazing sight.
It shows me a hospital - its halls clean and white.
I'll turn on the radio to see what's goin'
What's this I hear - calling Dr. Cohen.
The men whose skill at the operating table
These will be Kommor, Beatty, and Abel.
Other doctors we see are Davis and Ruhl,
Assisted by nurse Kurz who's nobody's fool.
The women in white who help on each case
Hickam, Coxwell, Gallagher and Chace.
The medical technologists next we see
Rosenberg, Vaden, Waldman and Greenlee.
In 20 years time if your teeth you can grit,
They'll be cared for by dentists Osterman and Schmidt.
If for your children braces you plan
Then you'll need Orthodontists Davis and Heyman.
A help to the dentists - to whom they assist
Wilson, Yoffe - Dental Hygienists.

If a pyschologist you'll need to phone
Then look up Coultas, Taylor or Waterstone.
To help poor doctors who are always amiss
Hail the medical secretary Caddell, Cantrell and Bullis.
If you're in a jam and need legal advice
Look under Lawyer - dial Rayburn or Price.
If your story the cop disbelieves
Call quick for attorneys - Katz, Lamb or Gleaves.
Strassel and Goldsmith will see to it
That with a striped suit you're never fit.
If a bridge you want to endure
Then go see engineers Spencer or Cure.
Rockets that zoom and cars that spurt
This is the field of Keibler and Colbert.
Other engineers whom we will see
Dixon, Drury, Houser and Goolsby.
Do your assignment - don't talk back to me
We hear from teachers Garber, Dills and Dorsey.
From their pupils we hear no groans
They love their teachers McVicker and Jones.
The Tea-Party in Boston was held
Say History teachers B. Franklin and Unseld.

Who was Shakespeare - we learn of this man
From English teachers Rausch, Salter and C. Friedman.
To list them all I'd never be through
Shavinsky, Smith and Humphrey to name a few.
If you own a gallery you cannot plan,
To be without artists N. Allen and Sharon Norman.
In Commercial Art you'll always refer
To Wooden, Cogswell, Decker or Hettinger.
If you think your home's a wreck
Then call on Interior Decorators Carter, Birin or Peck.
When the Pulitzer Prize comes out in 20 years
Will it be Robards, J. Thomas or Don Receveur.
If in later life you want to stay slim
Then just copy dancers McCardwell and Grim.
To hear those girls singing will never scare us
Listen to McAllistor, Manese and Mary Lee Farris.
To be good in business you need to strike sparks
Just ask the tycoons Wong and Starks.
To succeed in life they'll need no tricks
Look at businessmen Gardner, Henderson and Issack.
20 years later from this very day
We'll look at the scientists Gaddie and Gray.

To list the scientists we'll begin with Wixon, Bickel,
Carrell and Burgin.
On and on the list we scan and end with names Fisher
and D. Friedman.
To the great outdoors these men are no stranger
David Ungethum and Bartlett our forest rangers.
On March 16 - fateful Income Tax Day
Then we'll holler for Wisco or Heintz our C. P. A.
The clatter of typewriters, the scratch of a pen,
Now we see secretaries D. Hilton and Engleman.
With help like these we'd all do well,
For example take secretaries Ball and Bell.
The list is long - it would stretch down the hall
I'll just name a few like Carr and Duvall.
When you search for cosmetics you must insist,
On Beckum or Colton as your cosmetologist.
Looking for Beauty - include in your plans,
A visit to Finch, Harper or Henn who are Beauticians.
The dress creation of D. Flower of course will enhance
Our two fashion models Jane Kuehn and Susan Vance.
Who are the architects the people extol
Why it's Karnes, Roberts and Pat Zoll.
But architect's plans are just a promise
Until drawn up by draftsmen Clater and Thomas.

When you go by plane you won't be bored,
When you look at stewardesses Lillard, Lee, Wroten
and Ford.
When you're in a foreign land and you've been starvin'
Then you'll need interpreters Hubbs, Cardwell, Eschen-
berg, Roettger or Harvin.



Two people in the foreign service with whom we'll never quibble,
Hats off to the team of B. Becker and Tribble.
When we listen to the news we'll never be despondent,
With reporters like Sue Cummins our foreign correspondent.
The year is 1980 in California's Rose Bowl,
The team coached by Wester is getting ready to roll.
Don't run against these men the race is in the sack,
It's none other than Senators Bennick, Gibson, and Black.
To become President of the United States is unusual we grant,
But look who made it - our own Michael D. Constant.
20 years later in baseball's famous hall,
We see the name of Shortstop - Larry Lee Nuttall.
These two girls will never be shirkers
S. Johnson and M. Weinberg the social workers.
When you come home and turn the T.V. on
You're sure to see announcer Steve J. Anderson.
D. Garrett and Kessack will sail the blue sea,
While into the marines goes Claude Ivy.

At LeMans, Turin and Riverside a winner through and through,
There we find the world champion driver Bobby Mayhugh.
When your engine starts to sputter and you think it's feeling sick,
Then take it in to Bill Brown, the A-1 mechanic.
On her discoveries Mr. Mayer will insist,
Just look and L. Lindsey the anthropologist.
What's that hanging out in front?
Come in and learn music from teacher Judi Hunt.
Of the underwater world this boy will be king,
Let's give a cheer for Feldbaum teaching skin diving.

Here and now ends my tale,
The crystal grows dim once more.
And who am I to really say
What the future holds in store.
But right now I'd like to say to the class of '64,
Good luck to you in all you do
As you go through tomorrow's golden door.

JUNIORS

JUNIOR CLASS OFFICERS OF '64

STANDING, left to right: Steve Hosea, Vice-President; Sandy Barry, Sgt.-at-Arms; Mike Farmer, Treasurer; Andy Sawyer, Sgt.-at-Arms. KNEELING: Eddie Kopp, President; Jackie Collins, Secretary.

During the school year 1963-1964, the Junior Class sponsored a dance and a variety show. The Dance was held after the Fairdale basketball game on February 7. The Basketball Queen and Princess were crowned, and the Mariners and the Nightcrawlers played. The variety show, as always, was a highlight of the school year. When all is said and done, we are sure the Junior year of the Class of '65 will be remembered.

FRESHMEN

FRESHMAN CLASS OFFICERS

Pres. - Bobby Jackson, Veep - Robbie Partin, Sec. - Sherrin Irby, Treas. - Jean Seal, Sgts. -at-Arms - Steve Collins and Scotty Hunt.

First semester, the freshman class had four meetings of the officers and homeroom representatives. At these meetings we talked about sending Debbi Myers cards and discussed our money making projects.

Second semester, after coming to a definite decision, you may find us selling stationery or candy, giving a dance or carnival, knee deep in soap suds at a car wash, putting on a style show, a hootenanny, or a talent show.

Linda,
Well I don't know where to begin or even if to say on that "stuff" about what a doll you are. I wouldn't even have even made know you even our Pal "Miss" Smith hadn't move you. Remember how you're supposed to have "Notes in your bonnes". It was funny you said it that we laughed for about twenty minutes. Also, even though I didn't remember when you had Thos Pics Thrown at you!! There's more to remember anymore except Dominic's awful but I won't lucky to have a great girl like you. Lots in the future (a very original statement) in everything!

STUDENT COUNCIL

OFFICERS:

The Student Council is the only organization at Seneca that represents every student. It strives to promote better student-teacher relationships and to present Seneca to our community.

Through the leadership of Mike Constant, Jim Wong, Mary Lou Miller and Bill Geoghegan and with the aid of sponsors Mrs. McQuillen and Miss Ries, our Student Council has had a very successful year. The annual Homecoming Dance provided sufficient funds to allow payments of debts. A pep rally was held to promote enthusiasm for the Christmas basket drive. A door decoration contest was also sponsored. The Student Council was in charge of hospitality for the Operation Amigo students.

The Jefferson County Association of Student Councils was organized this year and our Student Council was fortunate to be elected chairman for the 1963-64 school year.

THE SENTINEL

EDITOR: John Hicks

SPONSORS: Mr. Moise and Mrs. Nolan

The Sentinel staff is composed of students interested in journalism and advertising who wish to keep their school well informed and entertained. The Sentinel presents to the students and parents of Seneca the current events in the news and it introduces them to controversial issues and matters which need special attention in the editorial section. It gives a human interest, off-the-news track view in the feature material, and keeps you up-to-date on school sports.

Much enthusiasm and effort go into the writing of each article which appears in the Sentinel. The work of excellent photographers and staff artists supplement the articles and add an additional touch of professionality. The paper has become an integral part of Seneca; and when the work of preparing the paper is completed and the issue comes out, both staff and readers enjoy satisfaction in a job well done.

CONCERT BAND

Seneca's Marching Band began this school year with one week at band camp held at Moorehead State College, August 18-24. Here the band drilled in marching skill each morning and evening.

The band made its first half-time appearance at Seneca's opening game with Valley September 6. This was the beginning of many fine half-time shows which followed at each Redskin home game.

Our band entered in the Armistice Day Parade competition and emerged in a tie for sec-

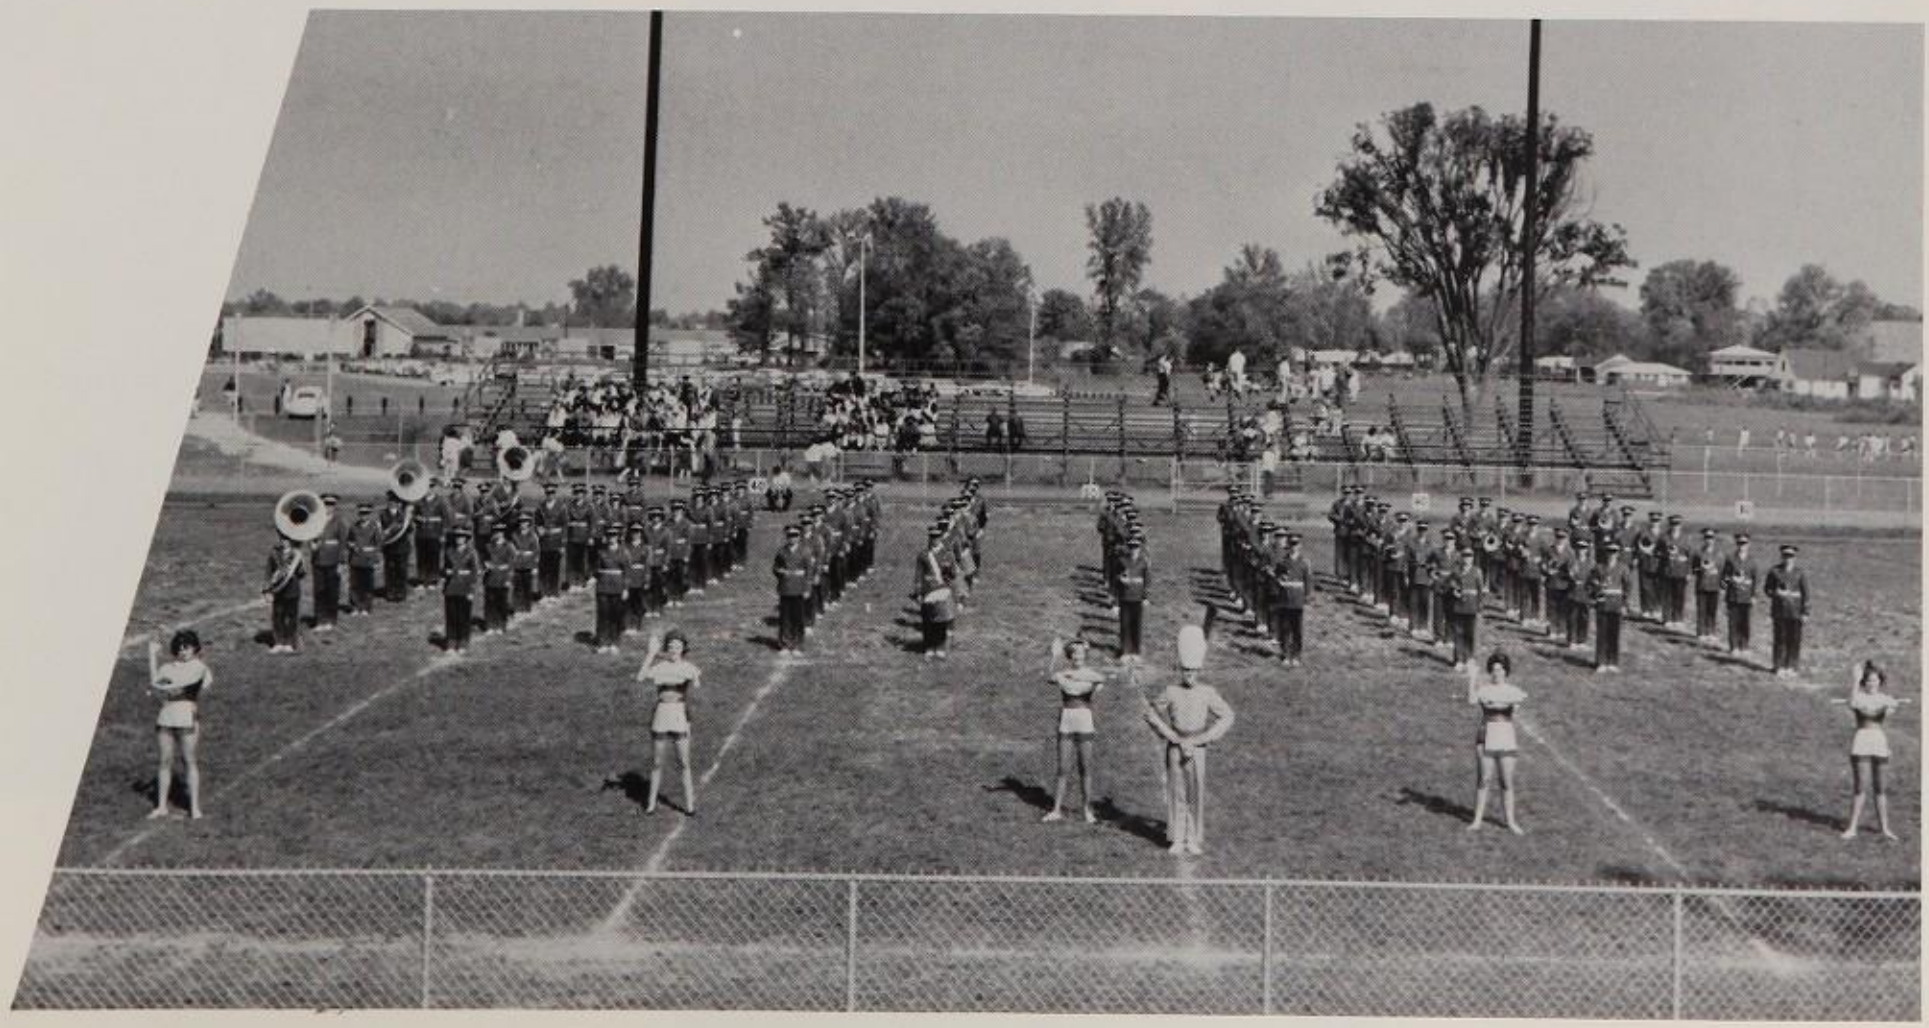
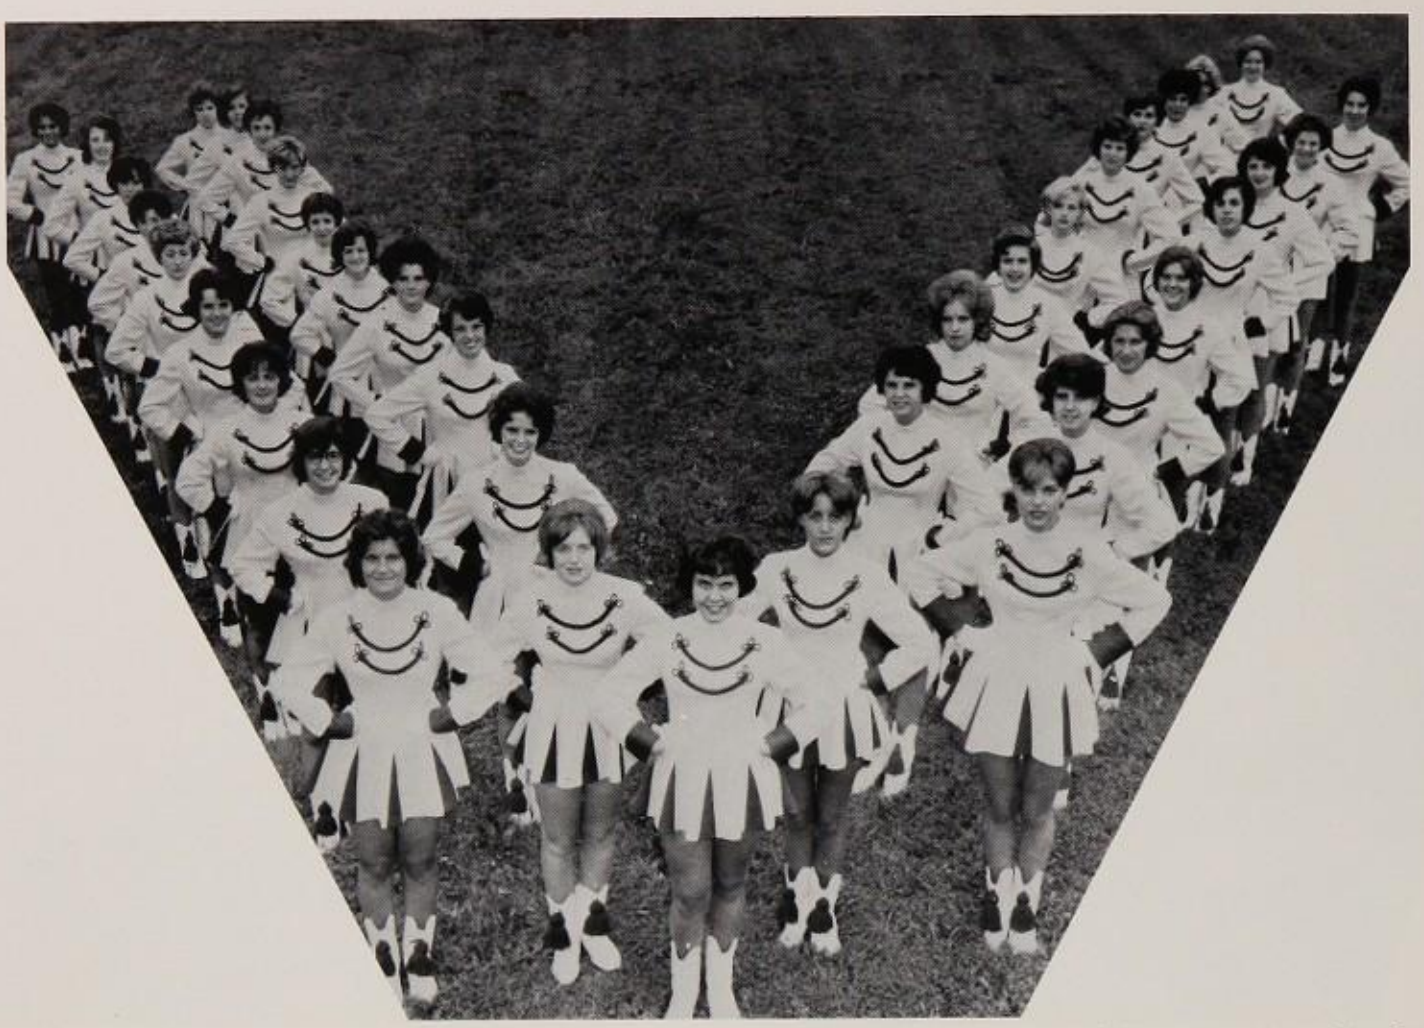
You know the Concert Band has done a fine job if you attended the music concert given December 20, just before the Christmas holidays.

The majorettes, who spend hours practicing their routines, always come through with a fine show for the crowd.



MARCHING BAND



Representing the red and gold of Seneca, the Drill Corps has successfully completed a busy schedule during the 1963-64 school year. In addition to marching at Seneca's home football and basketball games, the Drill Corps participated in the Armistice Day Parade and the Derby Parade. Incentive and practice enabled the Drill Corps to display their precision marching at University of Kentucky and University of Louisville football games and at the U. of K. versus Notre Dame basketball game. Profits from the annual candy sale provided the Drill Corps members and their dates with a trip to an out-of-town basketball game at Davies County. In the above picture the Drill Corps form the "V" for victory.

KEY CLUB

Officers: Pres. Bill Beatty, "Veep" Rod Mackler, Treas. Jim Bailen, Sec. Dave Redmon, Sponsor, Mr. Boyer.

After heading the drive for lights on Seneca's football field, the Key Club did not take time out to rest, but began on a new project to enrich our school. This time the boys are working for an electric football scoreboard.

Among the projects initiated to raise money are a car wash in September, selling tickets to the America Junior Miss Regional contest, and selling cushions for football and basketball games.

On election day in November, twenty members of the Key Club were employed by N. B. C. News to report results from the various precincts. One hundred dollars was added to the fund through this effort.

Although the Key Club has been associated with selling, it has primarily been involved with service to the school and community.

Bob Miller, Benjie Schmidt, Ronnie Weis and George Bullitt sell pillows for the Key Club.

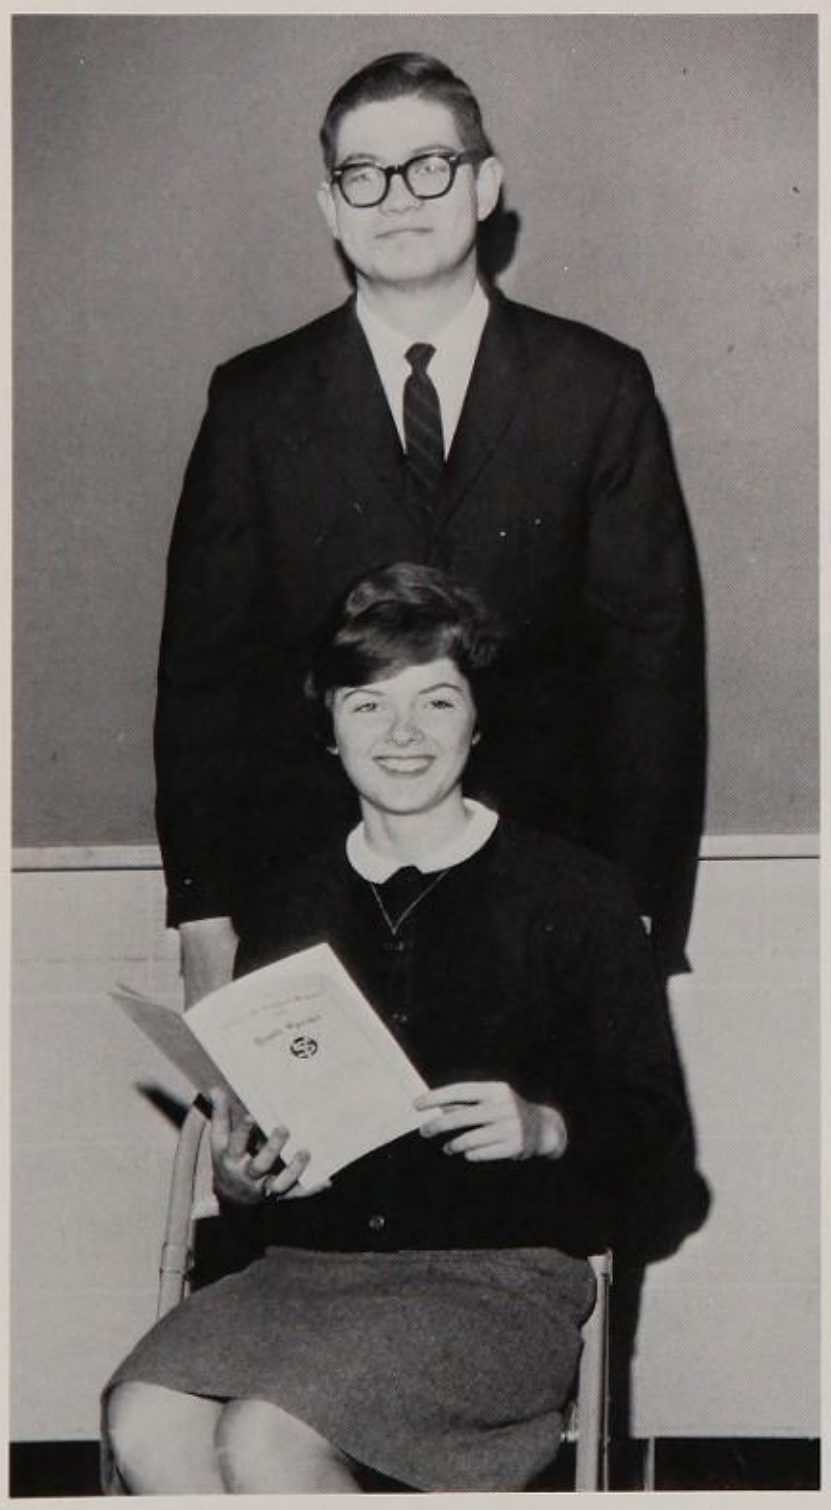
It is patterned after the General Electric College Bowl on NBC television where two four-man teams respond to questions requiring quick recall. The team members are: Jim Bailen, Rod Mackler, Wayne Stengel, Jim Landau, Brian Abner, Leslie Abramson, Roz Bleaden, Bruce Gale, Sandra Shavinsky, David Friedman, Lois Baer, Allan Tasman, Tom Heffron, Johnny Rice, and Greg Fulkerson.

YOUTH SPEAKS

Sr. Representative: Les Abramson
Jr. Representative: Nancy Mason



President: Wayne Stengel
Secretary: Jayne Tudor

Youth Speaks is a relatively new organization in Kentucky that has gained state-wide acclaim for opportunities given to teen-agers to discuss topics of importance. The purpose of Youth Speaks is to "activate young people and adults to study, discuss, and work for a positive, constructive approach to personal concerns, community problems, and world affairs."

Organized in 1952, Youth Speaks originated from a parent study group called Parents on Our Block. Dr. Herbert Waller then became interested in a Cincinnati high school program called "The American Way Institute." The Lincoln Foundation was impressed by his interest and helped to initiate our Kentucky program.

At Seneca, Youth Speaks is a very popular organization. The members, chosen by sponsors Mrs. Greer and Mrs. Steiner, are in the Sophomore, Junior, and Senior classes. All members participated in the workshop on February 22 held at Waggener High School. The topic for the workshops was Civil Rights, and after hearing keynote speeches, discussion groups were formed to discuss problems of education, job opportunities, and housing. Several members have appeared on the Youth Speaks program on WAVE-TV. Sixteen members of our chapter are on Seneca's Quiz Bowl team. Four of the sixteen appeared in a tournament with other county teams.

Youth Speaks will endeavor to demonstrate American democracy in action and to enable its members to live up to the motto of Youth Speaks; "Youth builds socially, spiritually, and scholastically."

LE CERCLE FRANÇAIS

Le Cercle Français offers its members an opportunity to become acquainted with France and its people. Its projects include: introducing the French language to junior high students, raising funds for Operation Amigo, and helping to organize a county-wide French club. The 1963-64 officers are: Gayle Handmaker, president; Brian Abner, vice-president; Rose Northington, recording secretary; Sherry Reinhardt, corresponding secretary; Nancy Tribble, treasurer; Howard Knopf and Connie Davis, sgt.-at-arms; Miss Smith, Miss Arnold, and Mrs. Ransdell, sponsors.

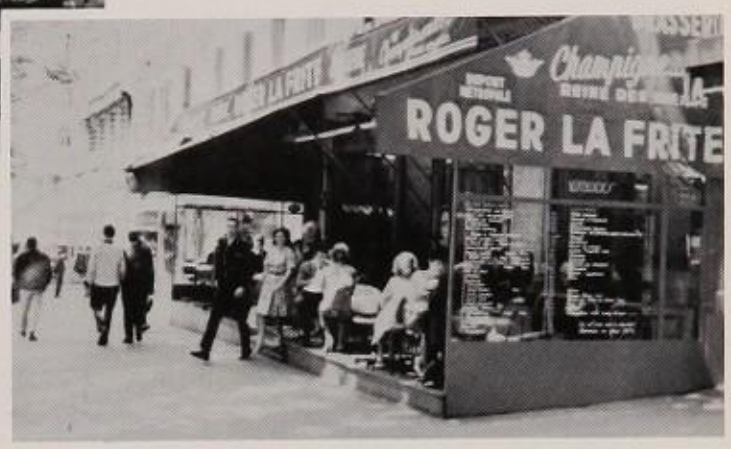
LES NOUVELLES NOTES

Les Nouvelles Notes is a vocal group composed of third year French students and is sponsored by Miss Arnold. They sing folk songs and ballads of France as well as American songs translated into French.

EUROPEAN TRIP

INTERESTING,
EDUCATIONAL,

AND JUST PLAIN
FUN



For the past four summers, the University of Louisville's International Center has sponsored a European trip for high school and college students between the ages of sixteen and twenty. In order to go on the trip a student must have completed one year in a foreign language, been recommended by school authorities, and be in good health. The trip is both fun and educational. Participants travel in France, Germany, Spain, Italy, Austria, England, and Switzerland, and then spend six weeks studying at either the University of Montpelier, the University of Singen, or the University of Madrid.

Last summer six Seneca students attended the trip. Barbara Becker, Bonnie Heyman, Dee Hitchcock, Nora Harvin, Donna Alvey, and Corlis Weller spent the most enjoyable, memorable two months of their lives in Europe.

Bonnie Heyman and Barbara Becker recommend the trip to everyone. They lived with families in Singen, Germany, and were amazed at their ability to communicate clearly, even though the girls often resorted to sign language. In Germany, Barbara and Bonnie visited the Black Forest and climbed a mountain called the Hohentwiel, taking several rest stops on the way to the top.

Nora Harvin, Dee Hitchcock, and Donna Alvey described France as "better than could possibly be imagined." They marveled at the massiveness of the Arc of Triumph and the Eiffel Tower, and were amazed that they could purchase wine, a French staple, with considerable ease. The celebration of Bastille Day, the French counterpart of July the Fourth, was their favorite. The street dances and fireworks instilled in the girls a native French feeling.

Corlis Weller spent the majority of her stay in the gay city of Madrid. She described the atmosphere as "completely different from ours," the people as "rugged individualists," and Spain as a country of "truth, magic, and love." The customs concerning dating, accompanied by chaperones, and the excitement rampant during bullfights most impressed Corlis.

Thus we see that several months in Europe affects people in many different ways. The travelers agree that you don't have to join the Navy to see the world.

Trip Participants: Dee Hitchcock, Donna Alvey, Nora Harvin, Corlis Weller, Barbara Becker, Bonnie Heyman
Sponsors: Miss Arnold and Miss Perego

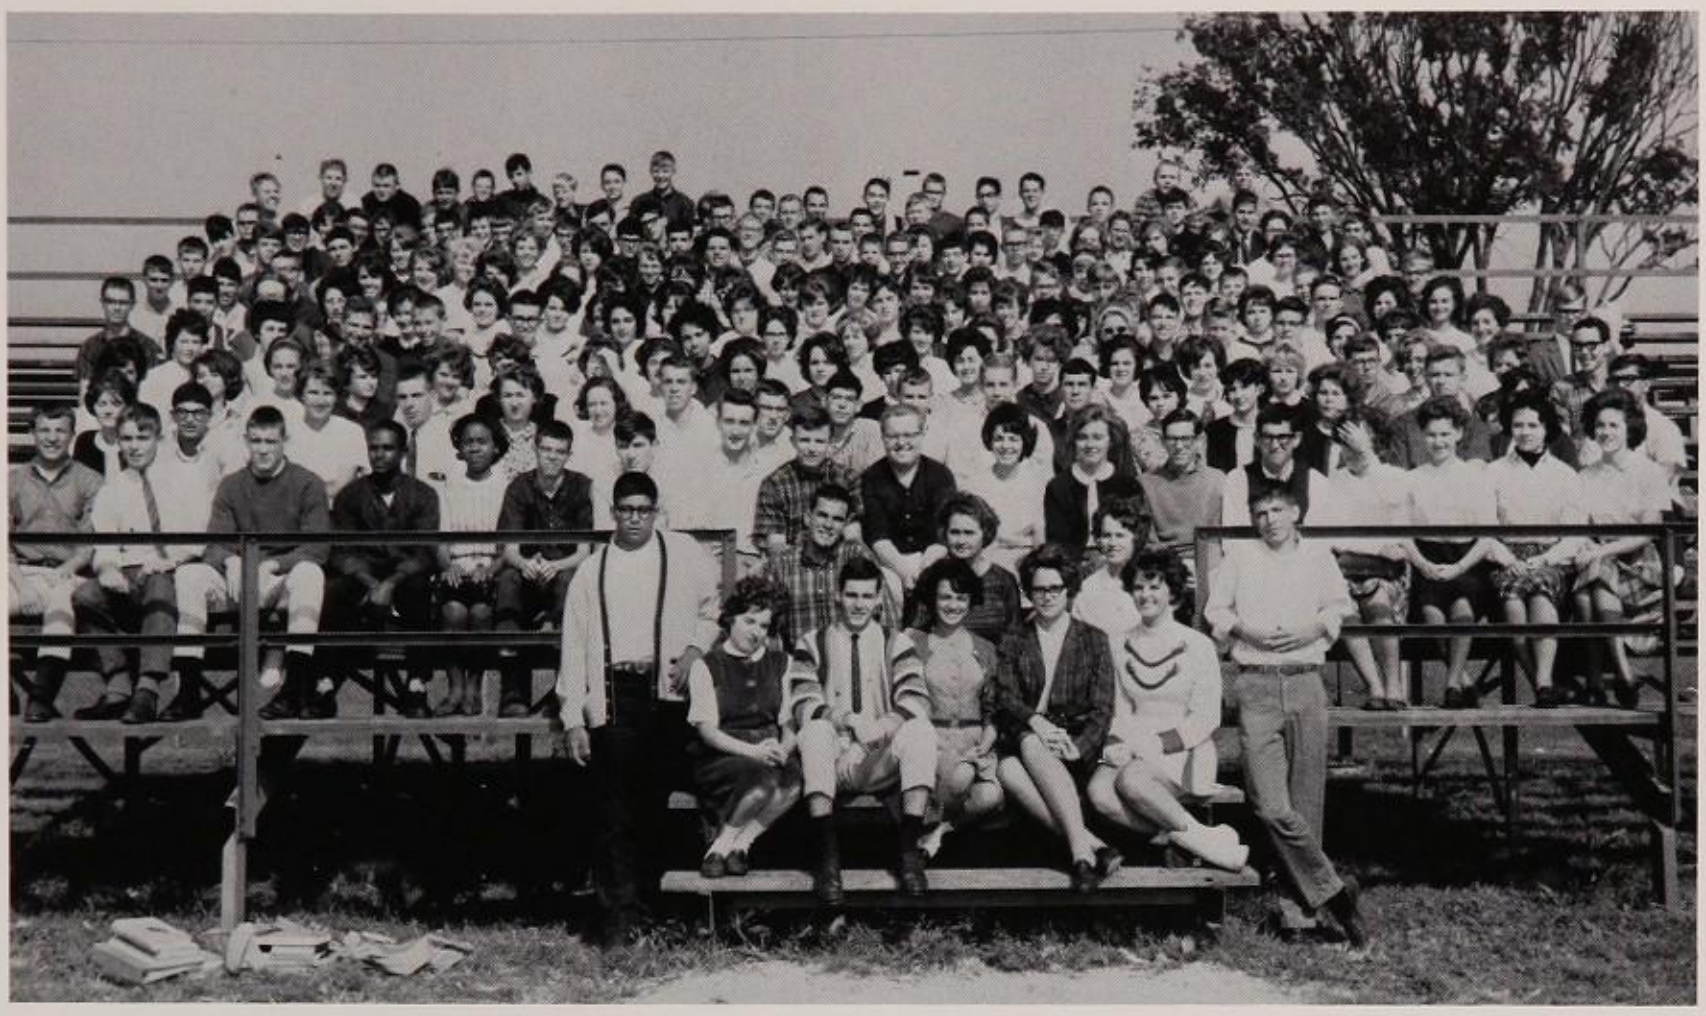
JUNIOR CLASSICAL LEAGUE



Officers: Sylvia Beam, Pres.; Joe Kline, "Veep." Maria Stephenson, Rec. Sec.; Missy Coxwell, Corres. Sec.; Stan Freidman, Treas.; Lisa Haunz and Rebecca Landau, Historians.

The Junior Classical League is a national organization composed of local classical clubs in both junior and senior high schools throughout the United States. It's purpose is to encourage among young people an interest in and an appreciation of the civilization, language, literature, and art of ancient Greece and Rome. It also gives its members some understanding of the debt of our culture to that of classical antiquity.

The members of the J. C. L. vow to hand the torch of classical civilization to others in the modern world. They believe an acquaintance with the civilization of Greece and Rome will help them understand and appraise today's world which owes much to ancient civilization.

Seneca has the seventh largest chapter in the nation and our chapter is one of the most active organizations at Seneca. Each year the J. C. L. sponsors a school calendar available to all students. Members also sell pom poms, ballgame programs, lapel decorations, and plastic yearbook covers. Each year members raise money to award scholarships to deserving students. A trip to the World's Fair and the Eastern part of the United States is planned for this summer.

Membership in the club is granted to those submitting a written application to the club sponsor. Juniors and seniors maintaining a "C" or better average are considered for membership which is limited to 40 members in order to maintain a well-functioning, ambitious club.

Committees have been set up to locate a foster child, secure speakers, raise funds for a Christmas project at a children's home and collect Big G's cereal coupons that are redeemed and sent to a foreign mission for support.

The Public Relations Club hopes to secure an image for Seneca that will last for many years.

Few of us realize how much we owe to our school helpers. The custodians, lunchroom workers, bus drivers, safety patrol, and T.V. aides do as much to keep Seneca running smoothly as do the teachers and students. We must thank them for nourishing meals and a clean lunchroom, clean halls and classrooms, smooth rides to school, order in the parking lot, and graded papers.

HOME — 19

. . . Stand up and cheer! Seneca is on parade today . . . Hooray! It's Homecoming time! The air fairly crackles with excitement, and sparks seem to emanate from the gleaming, excited eyes of Seneca fans. The new overhead floodlights create a magic aura for this important event.

Yes, Seneca has it's own parade of stars who stand under the spotlight of Redskin spirit. First in the parade come our football players who at Homecoming '63 romped Durrett 14-0, adding another scalp to our totem pole of victories. We are always proud of our boys, but at Homecoming time we realize how much they really do to uphold the Redskin name. We're with you, boys! Thanks for showing everyone who we are!

Next in the parade come the Seneca candidates for Homecoming Queen and Princess. At Homecoming '63 there were ten candidates who were first driven around the field in convertibles and then escorted to the center of the field. The girls were all smiles as the crowd applauded, cameras flashed, and the Queen and Princess were announced and crowned. This moment added that "extra something" to Homecoming '63. Seneca is proud to have such lovely representatives!

The Band and Majorettes did their share to make Homecoming an event to remember. They entertained during halftime and contributed to Seneca's spirit all through the game. Seneca appreciates all the enthusiasm and spirit that the Band and Majorettes generate on such occasions. We think you're the greatest! Keep up the good work!

Next in our line of stars come the Drill Corps. This well-organized group was at it's best and did an unusually good routine which pleased the large Homecoming crowd. These girls contributed a big part to the success of Homecoming and they are sincerely thanked for it!

Farther along in our parade come Seneca's cheerleaders. Most people probably don't realize all the work that these girls do to promote school spirit. At Homecoming '63 they were very enthusiastic about the events and created a Redskin atmosphere throughout the game. Cheers to these girls for brimming with school spirit!

Last, but certainly not least come the spirited crowds that attended Homecoming '63. You are Seneca and Seneca hopes you are as proud of it as it is of you. You are loyal followers!

We realize that no one person or group can make any event a success, and we acclaim the all out effort of everyone who shared in creating and carrying out an unforgettable event -

OPERATION AMIGO

Mr. Morrison, co-ordinator of the Miami Herald.

The Spanish Club, at the suggestion of Frank Hytken, initiated "Operation Amigo" to Louisville and Kentucky. "Operation Amigo," a preconceived idea of the Miami Herald, brought twenty-five students from Latin America - Quito, Ecuador, in particular - to our city in an effort to show them the way of life in the United States. The talents and hard work of teachers and students and the entire Louisville community was shown by the various means of raising funds for "Operation Amigo:" cupcake sales, a dance, an auction, a magic show, and the contributions from school as well as city organizations. The "amigos" lived in the homes of students, attended classes at Seneca with their hosts, visited the numerous places of interest throughout the state, enjoyed the many social activities of high school students, and were the honored guests at dinners held by city organizations. The Spanish Club hopes that "Operation Amigo" will promote good will and brotherhood between the United States and our Latin American neighbors.

ATHLETICS

MAGIC MOMENTS IN SPORTS

The 1963-64 sports year has again produced great teams and outstanding stars in the various sports. The major teams (basketball, football, baseball, and track) produced a combined record of 41 wins and 15 losses.

The football team began with a bang, reeling off three straight lopsided victories. They ended the season with a fine 6-3 won-lost record in what was considered a rebuilding year. Since the arrival of Coach Cain, Seneca has established itself as a threat to the County championship each year. The team was led by hard-charging Bob Wester and linemen Wayne Draggoo and Charlie Metzger.

Although possessing a 3-4 won-lost record, our cross-country team was headed by one of the best thinlies in the region, Eddie Kopp. Coach Arnett arrived new this year and has begun a rebuilding program that could make cross-country a major sport in the future.

Coach Bob Mulcahy's fifth year as varsity head coach was no different from the rest. His mighty Redskins rolled to another 20 game winning season. In this stretch they increased their win streak started last year to 29 games, and won Seneca's first invitational crown. Superstar, Westley Unseld, was tremendous. Averaging nearly twenty-five points and twenty rebounds per game, he was everyone's choice as "Mr. Basketball."

The wrestling team was again host to the state tournament and again made a top showing. Coach Williams has done a splendid job in making Seneca a top competitor in this sport.

In the spring sports, the track team made its top showing to date in the State meet with a third place finish. Allan Hepburn and Westley Unseld took top places in the broad jump and discus, and Bob Miller placed second in the 440. The baseball team posted an 11-8 record and was runner-up in the County. The pitching of Greg Spaid and the hitting of David Hecht led the team. The tennis team won seven and lost only one to eventual County champion Waggener. The golf team led by Jon Fleischaker and Phil Armbruster rolled to an 8-2 record and seems headed for state honors.

These are the boys who led our athletic program.

In Seneca's short history we have built a tradition of winning teams. However, this winning tradition has not been built at the expense of sportsmanship. It is because of these things that Seneca has made itself a true "State Champion" in every sense of the title.

In Coach Cain's second year as head coach, Seneca's powerful Redskins marched to a 6-3 record. Led by "bruisin" Bob Wester, whom Coach Cain called the "workhorse" of the team, and speedy Leslie Schott, the football team was early ranked the state's top eleven. After winning their first three games by lopsided scores, Seneca came up against eventual county champs Waggener. Coach Cain, commenting on the loss, said that "first half mistakes were very costly and Waggener was an exceptionally fine team that has played together four years." After a defeat at the hands of Pleasure Ridge Park, Seneca played its finest game of the year in losing to Eastern 14-13. The Redskins were tops in every statistic but could not pull out victorious. Starting from three straight losses they won three more and ended a fine season.

The backfield was led all year by Wester, Schott, and Ed Baldridge, about whom Coach Cain said, "Everytime we looked good, Ed looked good." Freshman Bob Jackson also starred in reserve roles. The line was anchored by Charles Metzger and Wayne Dragoo. Dragoo had exceptional speed and was a fine blocker while Metzger diagnosed plays well and was a defensive specialist. Dragoo, Metzger, and Wester received all-state mention, while Schott, sophomore end Phil Thompson, and sophomore tackle Greg Karem received all-county mention.

Commenting on the season Coach Cain said, "I don't like to say it but this was a rebuilding year for us. I consider this past year a very fine season."

Concerning next season Cain said, "We will lose only 4 out of 11 offense men and 5 from the defense squad. The 1963 J. V. team was very strong and we should have a real good year in '64. It's funny . . . I may not have an all-state candidate on the team, but we should have our best season yet!"

The 1963-64 Redskins took great pride in both their team and their football field. These photographs of football camp and the team working on the field show the great amount of work that went into both.

During their one week stay at football camp the Redskins practiced hard and long. Coach Cain used this time to whip the group into shape and to mold them into a first-rate team.

Last spring, the football players were kept busy raking the football field in their spare time. These boys deserve a lot of the credit for making our football field the fine-looking stadium it now is.

COACH MULCHAY

Usually a team which follows a state championship club is called "the year after bunch." Many people would agree to this, but not those at Seneca. Determined to prove themselves, our never-say-die Redskins of Coach Bob Mulcahy surprised everyone except themselves in winning their first twelve starts, romping over tough Fern Creek, and capturing Seneca's first Invitational Basketball Tournament. To these men winning meant everything, for every consecutive win boosted a winning streak which was finally stopped at twenty-nine games. The week-end of January 24, held bad luck for Seneca because in the last two seasons neither team has won on that week-end. Starting two seniors, two juniors, and a sophomore, with an average height of 6-3, Seneca again won over twenty games in a single season for the third consecutive year. Remaining in the state's top ten teams in both the coaches poll and the Lit. ratings, Seneca provided a good defense of the most coveted honor in Kentucky Basketball, The State Championship.

For the past three years, Seneca fans have mourned the losses of such fabulous players as George Unseld, David Cosby, and All-American Mike Redd, but in 1964 stout Seneca rooters lose the greatest Redskin of all. Wesley Unseld, or just "Wes," as he was called by parents and friends, played varsity basketball for Seneca since his sophomore year. The leader and "Take charge guy" of the highly regarded Redskins proved his greatness with such scores as 37 against Fern Creek, 34 against Waggener, 37 against Trinity, 36 against Durrett, 30 against Pleasure Ridge Park, and 32 against 6th ranked Daviess County. Captain, his senior year, All-American Unseld boasted a 24 point a game average and a 20 rebound average. Perhaps Wesley's finest hour was in the homecoming game with Fairdale when he shot 26 times and hit 21. He also added 8 free throws for a total of 50 points, thus becoming the highest scorer in the history of Seneca basketball. Wesley proved his greatness everytime he stepped onto the basketball court. He was the most sought after player in the history of Kentucky roundball because of his great all-around ability as a player, student, and friend. Wes has been praised numerous times, but the remark which best summed up this fine athlete was made by a neighboring coach: "Wesley Unseld is a college player, playing among high school kids."

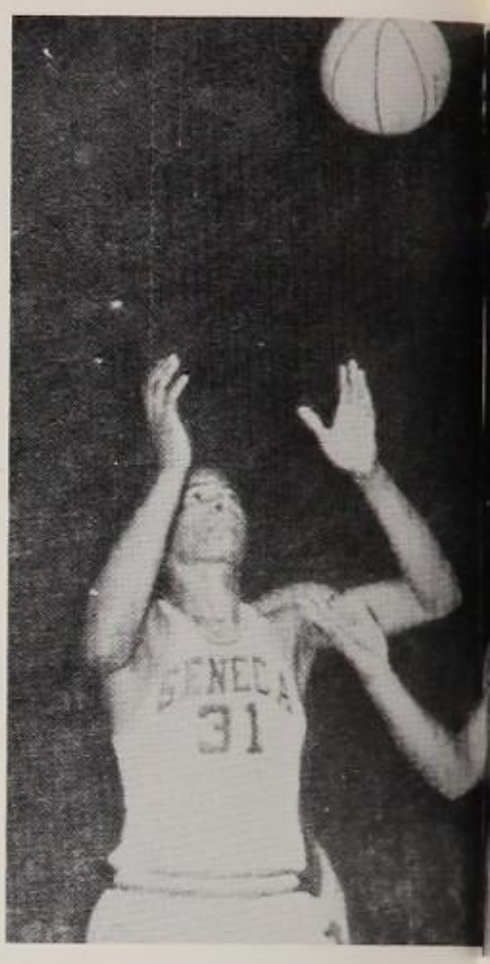
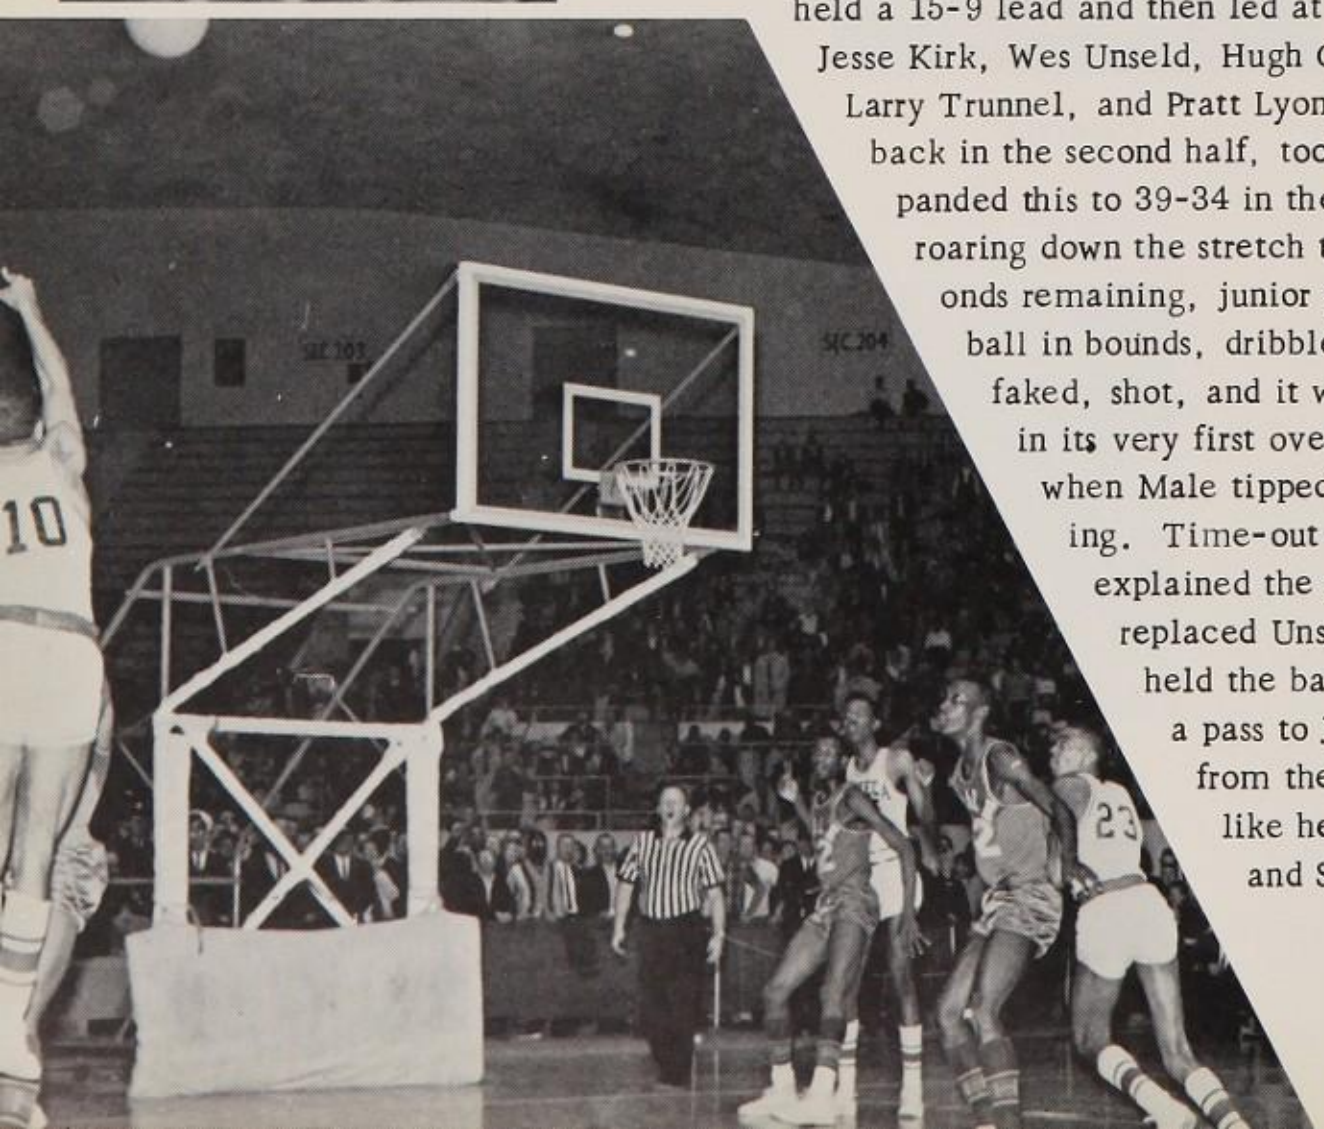
MIGHTY REDSKINS WIN COUNTY, DISTRICT,



For the first time in almost three years, the Redskins of Coach Bob Mulcahy did not achieve the No. 1 ranking in any of the coaches polls or the Litkenhouse ratings. As tournament time approached, Seneca had one of the best records in the state with 19 wins and only 2 losses. Meeting Eastern in a quarterfinal match, the Redskins began a defense of its 28th District crown. With 2 minutes to play it looked as if the 'skins were going down to defeat, but Pratt Lyons came off the bench and scored five big points; Seneca was still alive winning 29-23. The fired-up Redskins with All-American Wes Unseld and All-District Larry Trunnel, scoring 17 and 19 points respectively, mowed down potentially tough Fern Creek. They then captured their fifth consecutive District title, in as many years, by defeating Waggener 64-47 with big Wes scoring 28. Thus, the mighty Redskins dominated basketball in the 28th District and the county, possessing perfect records in both. Seneca hasn't lost to a Jefferson County school since the semifinals of the region in 1960.

With Wes Unseld leading the way, Seneca trampled DeSales 62-39, and said 'bye-bye' to neighbor Waggener to the total of 55-38. Westley was leading the Wildcats 29-27 when Coach Bob pulled him early in the fourth quarter. Seneca, floating like a butterfly and stinging like a bee, met No. 1 ranked Male in what many people considered the finals of the state tournament, even though it was only the regional finale. Male figured to win in a rout, and already had ordered a cake for a victory party after the game. At the end of the first quarter, many of the 7,500 spectators would have agreed with them, because Male held a 15-9 lead and then led at half-time 23-18.



Jesse Kirk, Wes Unseld, Hugh Garrison, David Pflug, Larry Trunnel, and Pratt Lyons disagreed. They came back in the second half, took the lead 27-26 and expanded this to 39-34 in the third quarter. Male came roaring down the stretch to lead 46-44. With 10 seconds remaining, junior guard David Pflug took the ball in bounds, dribbled the entire length of the court, faked, shot, and it was all tied up. Seneca, playing in its very first overtime in 141 games, fell behind when Male tipped the ball in with 15 seconds remaining. Time-out was called, and the Redskins mentor explained the strategy. Pflug passed to Lyons, who replaced Unseld, benched because of fouls, and Pratt held the ball until 7 seconds were left. He then shot a pass to Jesse Kirk on the right side about 25 feet from the basket. Jesse jumped to shoot, springing like he had just been launched from Cape Kennedy, and Seneca had captured their second consecutive

REGION, AND STATE AGAIN IN 1964

regional title by the score of 51-50. Dark horse Seneca had upset the No. 1 ranked Bulldogs of Male. What a game!!!

This victory against Male, number 25 of an exciting season, earned the Redskins their third regional crown in five years, a membership in the "Sweet Sixteen" and a trip to the Kentucky State Roundball Tournament of 1964 to defend their 1963 State Championship title.

After the State finals in 1963, someone jokingly said, "We'll never be able to do this again next year!" Quickly Larry Trunnel, David Pflug, and Westley Unseld rebuked this statement. Their answer was "You wanna bet!"

The Redskins repeated their feat of dominating the regional tournament in 1964 and proceeded to Lexington on the prey of "Baby Whale," the nickname given to the State trophy by James Garrison and his teammates.

Playing Harlan in a Thursday morning game the rambling Redskins, hitting their first six shots, destroyed the hopes of the Dragons early in the game. The final score was 63-36 with Unseld leading all scorers canning 23 points; Larry Trunnel provided able support tossing in 18, and Garrison contributed 10. The Senecans were only a few games away from Baby Whale. People began to wonder, "Could Seneca do it again?" Upset minded Covington Grant gave Seneca fans many thrills before Wes Unseld poured in 19 points in the last two quarters to improve Seneca's won-loss record to 27-2. In the semi-finals the Redskins ran head-on into Hazard in a heart-throbbing contest which the Redskins squeaked past with the score of 61-58. David Pflug notched 16 and dependable Wes hit his first six shots and ended with 23 points.

It was Saturday night and the Redskins of Coach Mulcahy were in the finals for the second consecutive year. A victory would match a feat which has not occurred in 30 years, that is winning the State two years in a row. The fired-up Redskins led 17-12 at the end of the first quarter and 30-25 at half-time. The taller Redskins began dominating the game especially with the play of Pratt Lyons, Garrison, and of course Westley. When the final horn sounded, Seneca had won her second consecutive State Title. Thus the immortal play of Wes Unseld with able assistance from Hugh Garrison, Pratt Lyons, David Pflug, Larry Trunnel, and Jesse Kirk, gave the Redskins a 29-2 record and a 60-3 record for two seasons Seneca proved its greatness; the "Baby Whale" has come home.

After compiling an enviable record in the 1962-1963 season, the Redskin Wrestlers face a rebuilding job in several weight classes. The team won five places in the State Tournament last season, including an individual championship, a second place and three third place medals. The state meet is to be held at Seneca again this year.

The "Grapplers" lost some key performers from last years team through graduation, and injuries incurred in this campaign by four dependables have handicapped the team. Seneca's Matmen have defeated New Albany, MMI, and Hardin Co., while losing twice to Ahrens and one to Hardin Co. The boys expect to overcome these mishaps in the remaining meets this season.

The Redskins are extremely fortunate to have as their coach, Mr. Orville Williams, who has taken them to a position of leadership among state competitors.

0	Durrett	2

An 11-8 record was enjoyed by this year's baseball team. The team, led by three outstanding seniors: Dave Hecht, Bill Nuttal, and Larry Dowell, lost the final game of the District to Durrett. This club had good strength in pitching and catching. Hitting, the weakest point of the team, accounted for all but one loss during the entire season.

Coach Hal Taylor thinks that the '64 season will be very successful, with Seneca possibly having the best pitching staff in the area. The infield and outfield should also improve with the exception of the positions formerly held by the graduating seniors.

The golf team, led by senior Jon Fleischaker and freshman Phil Armbruster, enjoyed a very successful season this past year. Their record of 8-2 was excellent, considering two of the members were freshmen and two were juniors. Armbruster's booming drives and Fleischaker's superb putting and chipping led the Redskins. Linksmen Gary Keibler, Jim Honour and Jim Walker gave support to Armbuster and Fleischaker. The outlook for next year is indeed bright for the golf team has four of the top five men returning, along with a number of promising sophomores and juniors. In the next few years Seneca golfing should again bring a number of trophies to Seneca's growing collection.

The half-milers put forth their efforts to bring Seneca a first place trophy in the Mason-Dixon Games.

The Seneca Track team had a very successful spring, claiming two state championships. Wesley Unseld won the crown in the discus division, while Allen Hepburn become champ in the broad jump. The team itself tied for third place with Atherton.

In the Mason-Dixon Games the half-mile relay team won their event in an exciting race. The Track boys compiled a 4-3 record in a fruitful season.

Howard Isaacs comes home with a victory in the 220 yard run.

Veteran, Bill Beatty clears the last hurdle in the 120 yd. Low hurdles; another win for the Redskins!

The mile relay team aided the Redskins with their usual 5 points each meet.

Bob Miller, always a standout for the Redskin Runners, chalks up one more first.

Wes Unseld shows his winning form in the shot-put. Wes soon became the State Champion in the discus-throwing competition.

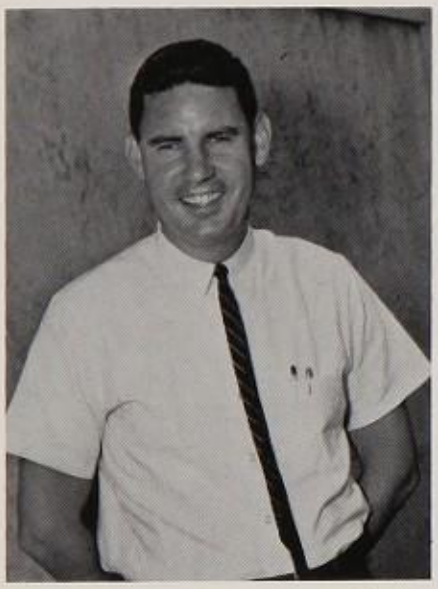
Through the unselfishness of Physics teacher David Smith and the desire of a group of boys to participate in organized basketball, a senior intramural league was formed. Four of the six teams played every Wednesday night, and while not possessing any Westley Unselds, these teams provided exciting basketball for all spectators. This league gave those who were not able to make varsity a chance to participate in Seneca's favorite pastime, playing basketball.

THE COACHING STAFF

TOP ROW: Mr. Taylor, Mr. Ash, Mr. Porter, Mr. Hamm, Mr. Mulchay. FRONT ROW: Mr. Williams, Mr. Noon, Mr. Wearren, Mr. Cain.

This year there have been two additions to the coaching staff at Seneca. Mr. Noon is new in our realm of football coaches. He, along with Coach Cain and Coach Wearren, led our football team to a very successful season. The Linksmen, under the direction of Mr. Don Porter, also posted a winning season. In the State Wrestling Tournament, held at Seneca, Mr. Williams and his team walked off with honors and medals. Under the leadership of Coach Hal Taylor our baseball team had a very profitable season. They were the runners-up in the district. Our track team coached by Mr. Tom Ash, placed third in the state meet, the best showing of any squad in Seneca's History. Coach Wearren's tennis team had a very fine season and were runners-up in the county. Last but not least we have our basketball coaches Bob Mulchay, Tom Ash and newly added Mr. Hamm as the freshman basketball coach. Coaches Mulchay and Ash, who headed our State Champion team in 1963, again had a top-ranked team.



Bob Mulchay, Head Basketball Coach, is also Dean of Boys.

Hal Taylor, Baseball Coach, is also Head of P.E. Department.

Mr. Farmer talks to the football coaches.

Athletic Director: Mr. James Matthews

Much credit is due to our athletic director, Mr. James Matthews. Mr. Matthews spends many hours arranging schedules, securing and selling tickets and ordering equipment for our various departments.

THE REDSKINS REMEMBER SENECA

On December 19 some of our alumni presented a recap on their own college experiences to the Senior class of '64. The facts they brought to the assembled group were both interesting and informative. A friend that has been there can be relied upon to give the best advice on what to do to prepare for college and what to expect when you enter one. Equipped with this knowledge, our tomorrows should be the enlightened yesterdays we are experiencing today.

I know I'm going to be proud of ARROW '64 because I know what kind of people we seniors left behind last year. They're people who remember that the tougher the going, the sweeter the satisfaction when the book appears and you hear the students saying, "Have you seen our new ARROW? Believe me it's the greatest yet!" In 1964 it will be.

I can't wait to see you in February. So, 'til then, "Merry material massing and a happy new year--book."

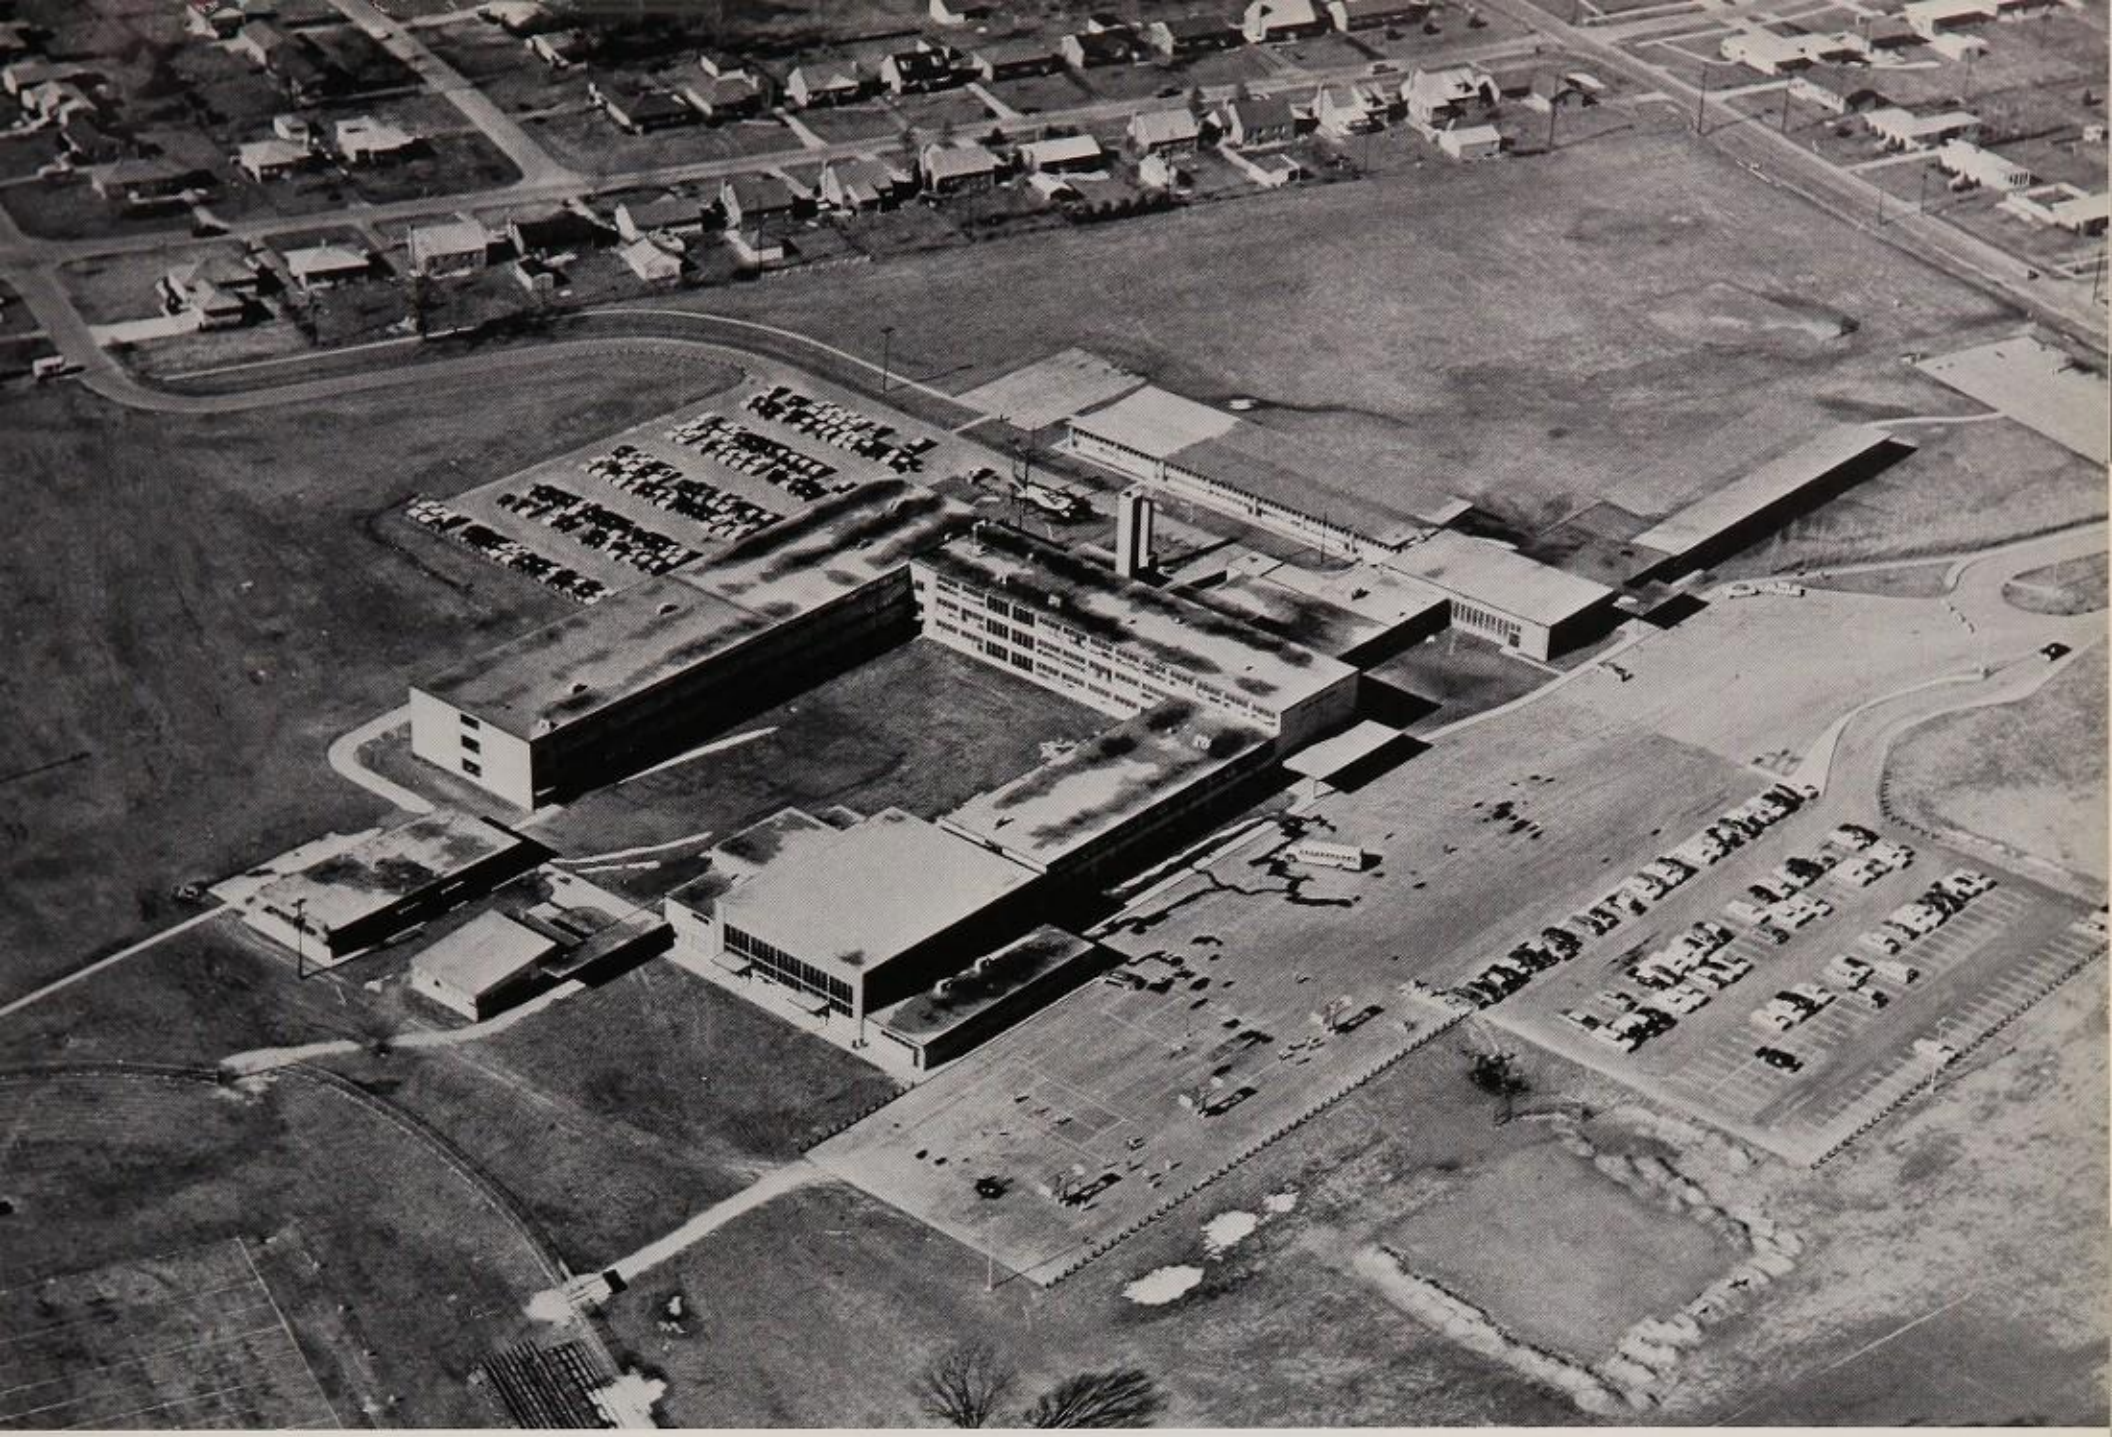
Seneca Junior High

OUR GOLDEN YEARS

I am ready to enter and explore a new era of my life. The seniors call these school years, the seventh through the twelfth grades, the Golden Years. What could be golden about school? I have a binder of paper, a pen, some pencils, and an armload of books. Are these sufficient tools for a miner? Perhaps they will prove useful, providing that I keep my eyes open and my purpose clearly in mind. What is my purpose? If I am to emerge with some tangible assets after two years of work in the Seneca Gold Mine, I must spend my time in one of the two shafts open to me. Perhaps I had better ask an experienced workman about the possibilities before I select a purpose. She was here last year and experienced the experimental stage of establishing a new Junior High School.

I have asked some questions and I have received interesting answers. That friendly attractive eighth grader gave me a lot of necessary information. First, and most important, she told me that there is no gold to be found in one of the shafts, the one labeled "Foolish." How does she know? She took that route when she first came to Seneca. A friend had told her that the only way to be recognized in a large school was to be heard. They heard her!! She talked loudly, laughed incessantly, dropped books, and banged locker doors. However, only the adults paid attention to her efforts toward creating a sensation. The cute girl, whom she wanted for a friend, and the well-dressed, nice looking boy, whom she found interesting, avoided her. So she felt frustrated and pretty disgusted with school in general.



Then came the day when she realized that she had come to Junior High School with an incorrect impression of what it was like, what the aims of most of the students were, as well as a misunderstanding concerning the type of person most admired by the majority of her classmates. She knew she must change her attitude quickly because Seneca evidently takes pride in its students. The boys know that hall running, practical joking, and tomfoolery in general is not a good basis upon which to build a reputation for strong leadership. The girls have high standards of behaviour because they understand that the leading feminine role in modern drama is performed by a courteous, thoughtful, intelligent person who is liked by many and whose influence is reflected in the attitude and conduct of all seventh and eighth graders at Seneca.

This was good news to me because I had enjoyed the prestige of being a trustworthy and capable sixth grader at my old school, and frankly had rather disliked the idea of going into a huge, new school where my abilities for leadership might be cast into the wastebasket just because I would be a member of the youngest class among the three thousand students entering Seneca's halls daily.

What a relief it is to know that "baby stuff" is out of style. I can be myself here. I imagine that other boys and girls are having some of these same thoughts. I wish I could share this information with them. Hey! I can and will do just that! I will do exactly as my new friend suggested, I will let them know what is acceptable by acting in an acceptable manner. I want to be the kind of person who is influential enough to be a leader as the years roll by, if I can qualify. This will be one of my purposes as I enter Seneca Junior High School.

Learning is always an important purpose for a student. I've always tried to do my best with every job I've attacked. This, I shall continue to do - gain knowledge for knowledge's sake. After all is said and done, I suppose the person that will profit most from my efforts will be myself. I've heard my dad say that you don't get paid unless you work, and you don't eat unless you are paid, so I'll continue to work. I can't expect him to take care of me forever, and I do enjoy good food.

Who knows but what I may be one of the students destined to help raise the general scholastic level of my school. Perhaps I may even be a reason for some of the school pride that my friend told me about. No one will have to make me study, I'll attend to that. Junior High School puts no pressure on its students. Each of us is given an opportunity to succeed, and the choice of whether or not we do is left up to us. Later on I will probably run into tough competition for membership in the Beta Club and perhaps the National Honor Society, but if I build a solid gold foundation here in Junior High School, I will be well equipped to confront competition in both high school and college.

Did I say "gold?" Now I'm beginning to get the picture into focus. An honest look at the situation as well as at myself makes it clear as a crystal in which is reflected the real image of a junior high school student.

At this time I'm making a right turn toward the mining shaft labeled "Wise." The students going that way bear no stigma of being little. Those young people have stature acquired through careful consideration of their route and logical reasoning that reassures them that "gold can be had for the digging" right here in our own Seneca Junior High School.

Yes, we agree that these are some of "The Golden Years"

LONNIE Q. GLASGOW
PRINCIPAL

Our second year as a Junior High School has gotten off to an even better start than last year.

We have no Junior High students this year who have known the school any other way than separated. Last year the eighth grade students felt that some privileges had been taken away, which was true.

The denial of afternoon football games was our greatest loss and with lights on the football field this is no longer a problem.

Progress is being made in many areas and the wonderful cooperation of the Arrow and the Sentinel in giving the Junior High recognition and good coverage has helped.

The separation of P.T.A.'s has been a boost to the Junior High in helping acquire some much needed supplies, encyclopedias, draperies, books and improved equipment for the reading laboratory. The Junior High P. T.A. has for the first time in Seneca history gone over the budget.

This is my way of trying to say thanks to Mr. Farmer and all the high school administrative staff, teachers, parents and students for support and interest in making the Junior High an important and integral part of the total program of Seneca.

Sincerely,

Lonnie Q. Glasgow

STUDENT COUNCIL

REPRESENTATIVES

The Junior High Student Council, although in operation for only two years has created quite a name for itself. This organization has worked on various Junior High projects, as well as helping a great deal on the over-all projects of Seneca. The sponsor, Mrs. Becker, along with the officers and other members, has put a lot of time and energy into achieving higher standards for Seneca. Much thanks to these students who are an outstanding representation of the Junior High.

COIN CLUB SHOW

The Coin Club plans a yearly show which is open to the entire student body of Seneca for both participation and viewing. In May, 1963, four trophies were awarded by the judges, Mr. Davis and Mr. Matthews, to the exhibitors of outstanding collections. The service of our parent sponsors in 1963, Mr. and Mrs. Elliot, was greatly appreciated; they obtained display cases from the Louisville Coin Club for use in our show.

MATH CLUB

The Junior High Math Club was organized in 1962 for the benefit of those students in the seventh and eighth grades who have a desire to further their knowledge of mathematics. The common bond is an interest in mathematics. The club meets once a month for one hour after school. Since the club is not designed to help students who are doing poorly in mathematics, the activities of the club include discussions and projects not ordinarily handled in a regular math course. Such things as learning about computers, making geometric models, and working on brain teasers and slide rule operations are within the scope of this group.

ADIOS AMIGOS!

'TIL WE MEET AGAIN

OUR TREASURE CHEST

Join us as we sort through the accumulated memories of these golden years at Seneca. We are in a reminiscent mood today as we catch sight of the red and gold pompom we waved so frantically during the 1963 Kentucky State Basketball Tournament. Ah! There's the red and gold replica of Little Joe that everyone wore on his lapel that year. How glad we are that we kept all these programs, no-break cards, clippings, and souvenirs - each has a special meaning for us now. Some are gay, some sad, some exciting, but all possess a certain nostalgic quality as the year ends.

We were afraid that the old photograph album had been lost, but there it is! Here's a picture of you, Judy, You have been a super executive this year. You've handled the details of subscription selling, picture taking, gathering of materials and script that are the ARROW '64, without visible strain on your good humor. We surmise that you have had your problems, yet you've cheerfully pounded away on that typewriter while answering questions and offering suggestions to lighten our work and help us better perform our duties. Your patience has been unending and we want you to know that our gratitude for your good leadership is equally without end.

This particular year has been enriched by a variety of experiences ranging from the ridiculous to the sublime. Hey! Here's "I Want To Hold Your Hand," a popular recording by the Beatles, a singing group from England whose voices and haircuts were the rage in 1963-64. I don't believe we will remember them as long as we will remember the wonderful friendships made at Seneca. Look! Here's the box that once held a shiny, new, gold, Seneca senior ring. That is one of our dreams already realized, and here's a Senior Week schedule listing some dreams that will come true in the near future. The Prom and Baccalaureate Day are just around the corner, and they will be followed closely by Graduation, the ultimate goal of these years. For many college looms ahead, and we can't help but wonder if those coming years will be as eventful as the six past ones have been.

Here's a clipping that will never be discarded. We shall not forget that awesome Friday, November 22, 1963, when the thirty-fifth President of the United States was assassinated in Dallas, Texas. The memory of the strange silence that suddenly filled the halls of Seneca, and the tears shed by shocked students will remain with us forever. We discovered that even in the face of stark tragedy, America and true Americans must rise above personal grief, assume and carry on the leadership that President John Fitzgerald Kennedy revered so highly. This was an invaluable lesson to a generation that one day in the not too distant future will maintain the responsibilities that go with leadership of the free world.

Yes, these have indeed been golden years. As we gently lower the lid of our treasure chest, the last line of an old Chinese poem seems appropriate.

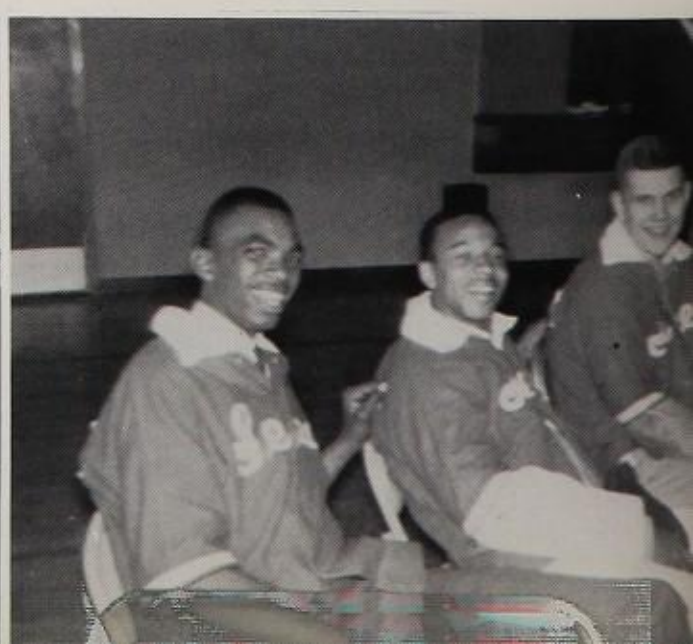
"The year is over - - how strange that it should end without a sound"

THE GREAT DOUBLE

What was one, now has become two big, gleaming, gold Kentucky State Basketball Tournament trophies. For the first time in thirty years, a high school b-ball team has won this honor for two years in succession, 1963 and 1964, or back-to-back as it is called in the sports parlance of our time.

We are not only proud of the team members who accomplished this magnificent feat; we heap praises on coaches Bob Mulcahy and Tom Ash; we applaud our principal, Kenneth B. Farmer, all the members of the administrative staff, and our faculty who approve such efforts and aid them in every possible way; we appreciate the time spent by our athletic director, James Matthews, arranging schedules, ticket sales, and the many details attached to operating a big school's athletic department; we admire the team's managers who devote hours each day to the hard but little recognized chore of checking equipment and tabulating records; we laud the ready and steady support of Mr. Wich and his band, drum major, and majorettes, Mrs. Rausch and the Seneca Drill Corps, Miss Agee, Miss Haynes, and the Redskin Cheerleaders, and you, the members of Seneca's student body, whose enthusiasm has even infected your parents, making our cheering section unique in that it contains two generations of fans.

Echoing the sentiments of some of the remarks made by Coach Mulcahy at the Victory Celebration on March 22, we want to especially recognize the parents of our basketball team members. These are your boys and it is apparent that you are wonderful mothers and dads. Your earlier training as well as your present influence on your sons shows in the cooperative effort made by each of you in helping develop an interest sustaining and strong enough to foster the courage and determination that are essential to all championship efforts. How proud you must be as you see your sons receive the honors and praise they so richly deserve.

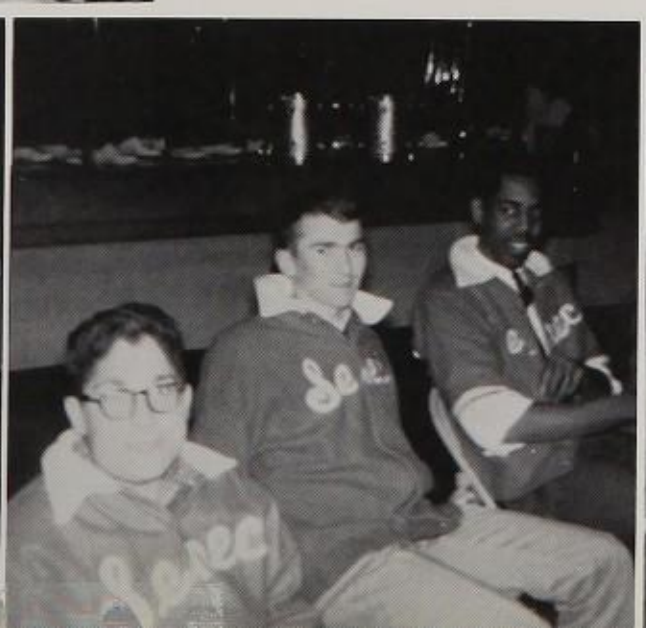


GOLD STRIKE OF 1964

And you, the unselfish, dedicated members of the 1963-64 basketball squad are the tops on our Seneca totem pole. As Jefferson County Superintendent, Richard Van Hoose, said, you have set the perfect example of gentlemanly behavior and all-round good sportsmanship for your peers. Although you bore the burden of unpopularity that those who excel usually contend with, you did not deviate from the goal you had set for your team and your school. You continued to PLAY BALL! Your efforts were well rewarded. You are NUMBER ONE!

We will not soon forget the sheer joy with which Bob Walker ran onto the floor to celebrate Seneca's victory after Jesse Kirk hooped the shot that cinched the Regional Tournament game with Male High School. One modest player said that he wasn't the greatest, but that he had played ball this year with the greatest. One of those greatest was you, David Pflug. We'll remember that it was you who saved Seneca's b-ball family that night by sinking the goal that tied the score, giving Seneca the extra three minutes required to take the Bulldogs to the cleaners. You and Larry Trunnell have been quiet but steady contributors at times when contributions were necessary, even vital, to the survival of the Redskins. We're waiting for next year just as you are, and we'll be there to emulate your kind of strong, loyal support.

What a smile "Bug Hugh" Garrison flashed at the crowd during the Victory Parade and Celebration! It radiated the same kind of warmth and affection that your fellow schoolmates feel for you. You have been a super tower of support to this team all year. Pratt Lyons, you had more than one big night this year. Remember the Waggener game? We do! Then, on the final day of the state tournament, you really came through with the spark necessary to establish that comfortable winning margin against Breckinridge County.



Jim Oiler, Steve Hosea, Tom Martin, Walter Parks, you have meant security to the Redskins this year. Although we haven't yet had the pleasure of seeing you play often this year, we are looking forward to that next season. We know you have worked diligently and hard because it was your job to scrimmage the first string into the condition that made possible the winning of this year's championship. You're bound to be great next year if you were able to accomplish such a wonderful job this year. We wish you could be with us next year, too, Allen Hepburn. Your fans have enjoyed you this year. Can't you hear them calling "We want Tootie, we want Tootie"?

Westley Unseld, you said that you felt the team had been privileged to play and win for Seneca. We want you to know that we have felt privileged to know you as an individual member of our student body. Your good friends at Seneca are legion. In addition to remembering you as a fine athlete, one of the few high school players to be named to the "All Time Greats" in Kentucky basketball, we'll remember the kindness and generosity you've displayed under all conditions, the friendliness of your personality, and the fact that you have been a credit to your school academically.

Yes, Coach Mulcahy, yours is a remarkable family. Each member has made his individual contribution to the welfare of a closely knit group. As is the case in most families, however, the head of the clan deserves more credit than he ever receives from those outside the group. Without inspiring leadership and good example, ready help and advice, a kind and friendly attitude along with firm rules, these young men would not have had respect for their superiors nor the desire to work smoothly together. In addition to being a coach of champions, you are an expert psychologist. Even Mrs. Mulcahy is a basketball enthusiast. It takes quite a man to generate interest in basketball on the home front as well as at school.

Our best wishes for the continued success of every member of the 1963-64 Kentucky State Basketball family of Champions goes to each of you along with the thanks of all the grateful Redskins who deeply appreciate the honors you have brought to Seneca High School this year. We offer a standing ovation to all of you.

Neither wonderful to have you would it be so wonderful to have you around for Saturday nights, Friday Senior Prom! I can never express but I can never express the friendship. You've been great! Honestly! By never had our friendship. You've been great! Honestly! By would we be going out and forgotten all next weekend, or the meaning of our friendship. I've forgotten all over again. I can't believe over and over again. I can't believe fully the meaning of our friendship. I've fully the meaning of our friendship. I've one of my very dearest friends. It's Christie (the
fourth across the street)
She hopes had many good
times as well as bad together.
I hope we can remain good friends
in the future. You are the last friend of
girl can have. She knows as lot of stuff about
each other so we can't kick our friendship
up. I hope your cancer heals and goes away. I would
hate to have to call you "one boot"! What more can I say?
Thanks alot for all your help and advice. Please be good!

Love ya,
M-

P.S. Keep up the great bowling average of 69!
